# Terms of Use

Please read before you print your first page.

## One classroom license

- This file is for one classroom: one teacher, one group of students.
- Please do not share it, post it online, or sell it.
- Extra licenses for a team or a school are available on the product page.

## This is a fillable PDF

- Open it in a PDF reader (Adobe Acrobat Reader, Preview, or your browser), click into a line, type, and Save As.
- The name lines, the writing lines, the own-word lists and the class tracker are type-in fields. You can also print any page and write by hand.
- It works offline. No account, no subscription, no internet connection needed after you download it.

## Print at 100 percent

Turn off fit to page and shrink to fit so the cut pieces keep their size. Every student page reads well in black and white, so you can print the whole pack with the ink-saver setting on.

## About the words

Every word list in this pack was written for it. The words are short, everyday words a first, second or third grader can read. Nothing is copied from another resource. The pack has no pictures on the student pages, so a child is looking at the letters.

## Need help?

If a field will not behave or a page will not print the way you expect, use Ask a Question on the product page before leaving a review. Every question is read, and a fix to the file ships as a free update.
