BRIGHT PATH SPED

START HERE

QUICK START

One complete kit that uses the twelve gifts of an old counting carol to practice numbers and words. Children count, fill in the missing number, put numbers in order, add, learn first to twelfth, rhyme, read, write and cut and paste — on pages with room to work, untimed.

THREE STEPS

1 Read the chart together

Page 5 shows twelve days, each with a number, an ordinal word and a gift picture. Count down the chart aloud. Only the gift names of the old counting carol are used; none of its words are quoted.

2 Hand over a page

Every student page opens with a name line and one short instruction, and the boxes are big. Nothing on it is written for you, so the child can start. The chart below says which page for which child; the dots at the top right are the only level code.

3 Check it, record it, send it home

The answer keys are pages 22 and 23. Date each page on the tracker (page 24), roll a group up on page 25, and send the home page (27). A filled example is on page 28.

Everything inside (32 pages)

- **17 student pages** in 13 page types, from counting to cut and paste
- **81 scored items** on 15 pages, every answer computed in code
- **5 math page types** (count, missing number, order, add, stories) and **5 literacy page types** (ordinal words, rhyme, read, fill, write)
- **24 cut-and-paste pieces** on 3 sort mats
- **2 answer keys, 1 tracker, 1 class grid**, 1 team note, 1 home page, 1 filled example, 1 phrase bank, 1 binder cover and 6 divider tabs

About the content

This is a counting and word set. The carol is only a theme for numbers 1 to 12: the gift names appear, and nothing else of the song. There is no religious content. Families celebrate in many ways and not every family celebrates Christmas, so the writing page accepts any gift a child likes.

STORY B

READ AND ANSWER

My name: _____ Date .....

Read the story. Circle the right answer.

Counting the Gifts

On day 1 the singer gets 1 gift. On day 2 the singer gets 2 turtle doves and the partridge. That is 3 gifts. On day 3 the singer gets 3 French hens, 2 turtle doves and the partridge. That is 6 gifts in all. Day 3 has more gifts than day 2.

1 How many gifts are there on day 2?

- A 3
- B 1
- C 2

2 How many French hens come on day 3?

- A 6
- B 2
- C 3

3 How many gifts are there in all on day 3?

- A 5
- B 6
- C 3

PASTE 2

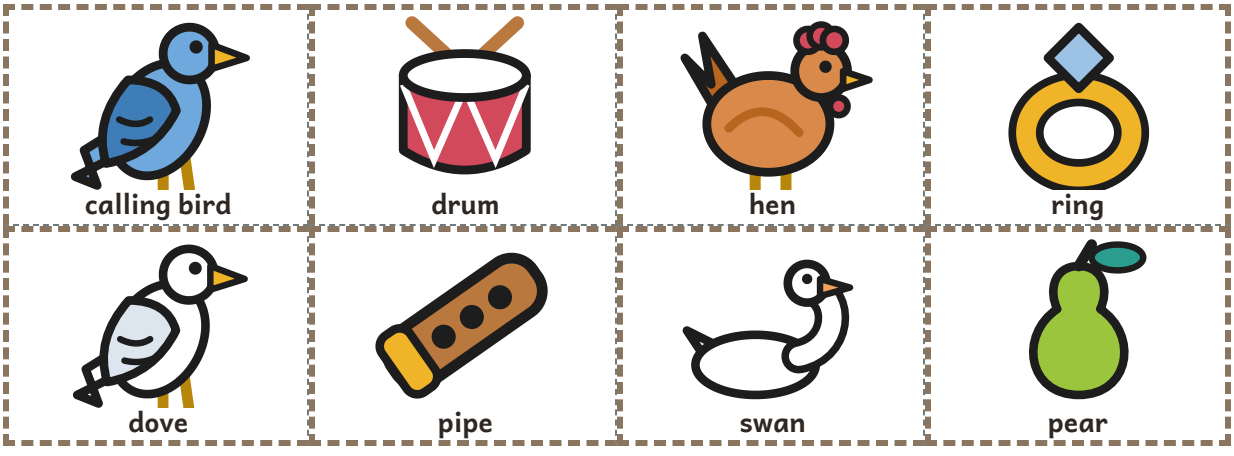

CUT AND PASTE

My name: _____ Date .....

Cut out the pictures. Paste each one in the right box.

How to fill this in

Write how many items the child got right with no prompt, and the date. A blank means not tried yet, never wrong. There are 81 items on the 15 scored pages above. The chart (page 5) is not scored, and the writing page has no right answer: write a check and the date. Answer keys: pages 22 and 23. Filled example: page 28.

How to read it

Priya N. has done **6 of 15** scored pages and got **31 of 33** items right with no prompt. **4** pages were all right. Every number here comes from the table above.

The family note this tracker would produce

"This month Priya finished 6 pages and got 31 of 33 items right. Priya needed a little help on one item on each of 2 pages; counting both groups before writing the total is the next thing to practice." — every number in it is a row of the table above.

What the table points to

2 pages carry a note and each is one item short of full. Pages left blank (9 of them) are not tried yet, never wrong.

THANK YOU **BEFORE YOU GO**

THANK YOU FOR USING THIS RESOURCE

Everything here was built for the teacher who has a table of children who each need a different amount of support counting, adding, reading and rhyming. If this helped, leaving feedback on TPT helps other teachers find it.

Everything inside, one more time

- **17 student pages** in 13 page types, 81 scored items, every answer computed in code from the data behind the page.
- **2 short passages**, **24 cut-and-paste pieces** on 3 sort mats, **2 answer keys** and **1 writing page**.
- **1 tracker, 1 class grid, 1 team note, 1 home page, 1 filled example, 1 phrase bank** (16 starters), **1 binder cover** and divider tabs.

No real student anywhere in this file

The filled example on page 28 names "Priya N.," an invented student used only to show how the tracker fills in. No table, note or score anywhere in this resource describes a real child, and nothing here is a clinical judgment, an eligibility timeline, or a medical claim of any kind. Once you fill in a real student's name, the tracker, class grid and team note (pages 24, 25 and 26) do carry real information — keep completed pages secure the same way you would any other record.

Something missing or wrong?
