

Articles A, An, The

A • AN • THE

• 30 pages • 7 page types • 32 words

THREE STEPS

1 Look at the Helper together

Page 6 is the one student page with the rule on it: a word that starts with a consonant sound takes A, a word that starts with a vowel sound takes AN. Read it aloud with the child, then start with Choose a or an.

2 Pick a page type

Seven page types, easiest to hardest; the chart says which page for which child. The same 32 words are used once or twice: once to learn the sound rule, once more to use the word in a sentence.

3 Check it, record it, send it home

The answer keys are pages 19, 20 and 21. Date each page on the tracker (page 22), roll the group up on page 23, and send the home page (25). A filled example is on page 26.

WHICH PAGE, WHEN

WHEN...	USE...
Meeting the rule	Helper, page 6 · Choose a or an, pages 7, 8
Choosing between the two (cutting)	Sort: A House or An House, pages 9, 10
Writing the article itself	Fill in a or an, pages 11, 12
Reading it inside a sentence	Circle in a Sentence, pages 13, 14
Ready for the/a/an together	A, An, or The?, pages 15, 16
Ready to write a sentence	Write the Sentence, pages 17, 18
Writing a progress note or a note home	Team note, page 24 · phrase bank, page 27

Everything inside (30 pages)

- **13 student pages** in 7 page types: A or An?, Choose a or an, Sort: A House or An House, Fill in a or an, Circle in a Sentence, A/An/The, and Write the Sentence
- **32 different words**, each a picture: 16 take a, 16 take an — every word is used once or twice, never twice on the same page
- **12 cut-and-glue pieces**, six a page, in a block that takes 3 straight cuts
- **1 rules page, 3 answer keys, 1 tracker, 1 class grid**
- **1 team note, 1 home page, 1 filled example, 1 phrase bank**
- **1 binder cover, 6 divider tabs** and a spine label

What makes it different

Only clean, phonics-regular words: no silent-h or consonant-Y-sound edge cases, every picture named exactly on its chip. Page 5 says what is left out and leaves a line for your program's own wording.

How to fill this in

Date each page the day it is finished, and write how many of its items the child got right with no prompt (6, 4 or 3, depending on the page). A blank means not tried yet, never wrong. Answer keys: pages 19, 20 and 21. Filled example: page 26. This tracker covers every recognition and sentence-level page in the pack, Helper excluded since it is read aloud rather than scored.

THIS MONTH WE ARE WORKING ON

Priya K. is invented; nothing on this page describes a real student. The blank tracker is on page 22.

How to read it

Priya K. has finished **2 of 2** Choose a or an pages (**11 of 12** items right), **1 of 2** Sort page (**5 of 6**), and **1 of 2** Fill in page (**5 of 6**). Circle in a Sentence, A/An/The and Write the Sentence are not started. Every number is read off the table above.

The family note this tracker would produce

“This month Priya K. circled the right article on 11 of 12 pictures and sorted 5 of 6 cards into the right house. He is still mixing up a few vowel-sound words: on the Sort page he glued onion under A instead of AN.” — every fact in it is a row of the table above.

What's next for Priya

Sort, Set B (page 10) is the next unfinished recognition page; once Sort and Fill in are both done, move to Circle in a Sentence (page 13), which uses the same sound rule inside a full sentence.
