Articulation Coloring Sheets: Start Here

What's inside

- **8 sounds** (B, D, K, L, M, P, S, T), words that **start** with the sound (initial position)
- **8 coloring pages**, 12 outline pictures each = **96 pictures** to color, every one labeled
- **8 Say & Find pages**: a busy scene with the same 12 pictures, each once, and 5 pictures from other sounds to skip; the child says a word 5 times, finds it and colors it (96 to find, 40 to skip)
- **8 practice-week pages**: the 12 words with small pictures and seven day strips
- A sounds-and-words list (page 3) and a colored-in example (page 4)
- A class tracker (page 29), a sound-folder organizer: binder cover, spine and 8 divider tabs (pages 30-33), a student practice chart (page 34), a family note (page 35), a what's-next page (page 36), credits (page 37)

Three steps

- 1. **Pick the sound.** You decide which sound and which words a child practices; follow your own plan. Pages 5-28, for each sound a coloring page, a practice week page, then a Say & Find page.
- 2. **Say it, then color it.** The child says a word five times, colors a circle for each time, then colors the picture. The circles are a place to count, not a score.
- 3. **Send it home or keep it.** The week page has seven day strips of stars and a spot for a grown-up's initials. The family note (page 35) has a blank for your plan.

Which page for which job

- **Center or early finisher**: the coloring page or the Say & Find page, one per child.
- **Homework**: the week page plus the family note; staple the two.
- **Small group**: everyone colors a different picture from the same sound page while you listen to the words.
- **Notes**: the tracker (page 29) shows which sounds each child has had pages for.

What this is, and is not

A print-and-color set of black-and-white pictures for speech and language practice, initial position only. It has no assessment and no scoring, and it does not tell you how to teach a sound or when a child is ready; the district's rules and your own plan do that. The K page has words spelled with k or c (camera, key) because the first sound is the same. The sounds R, N, F, G, SH, CH and TH are not included, because the picture library has too few plain words for them.
