Terms of Use

Please read before you print your first page.

One classroom license

- This file is for one classroom: one teacher, one group of students.
- Please do not share it, post it online, or sell it.
- Extra licenses for a team or a school are available on the product page.

This is a fillable PDF

- Open it in a PDF reader (Adobe Acrobat Reader, Preview, or your browser), click into a line, type, and Save As.
- The blank cards, tally sheet, roll-up, family note and helper guide have type-in fields. You can also print any page and write by hand.
- It works offline. No account, no subscription, no internet connection needed after you download it.

Print at 100 percent

Turn off fit to page and shrink to fit so the question cards keep their size. Use cardstock for the signs and the question cards, or copy paper and laminate. The ink-saver set is black and white.

What this is

Question cards and working pages for a morning meeting. Your school's official attendance steps are separate; this set does not replace them.

Need help?

If a field will not behave or a page will not print the way you expect, use Ask a Question on the product page before leaving a review. Every question is read, and a fix to the file ships as a free update.

How to Use the Cards

Five ways a child can answer, and one routine that fits in five minutes.

Five ways to answer

Way to answer	How it works
Point	The child points to the picture they pick. You move their name card for them.
Move a name card	The child moves a name card or a clothespin under their picture on the answer mat (page 8).
Hand it over	The child hands you the card, a counter or a sticker for the picture they pick.
Stand at it	Tape the choices to the wall. Children stand by one. Use the Yes or No sign (page 7) the same way.
Say it or use a device	A child can say the word, or press the picture on their own talker or board. Every way counts.

The morning routine

- **Before the meeting:** pick a card and put it on the sign. Put the name cards in a basket.
- **At arrival or circle:** read the question. Name each picture. Say "Show me."
- **After:** count each picture's answers aloud. Which has more? Which has fewer?
- **Then:** write the counts and who is here on the tally sheet (page 34). Follow your school's own attendance steps for anyone who is not here.

Tips

- Same question two days in a row helps children who need time to get ready.
- Pick-one cards use pictures with the word under them, so a child can read along.
- Yes or no cards need no reading at all: one picture, one choice.
- Write your own with the blank cards when the class is learning a topic.

Grow the routine

- Week one: yes or no cards only, so every child can answer.
- Next: pick-one cards with two choices, then three.
- Later: let the helper of the day read the card and count the answers.
