HOW IT WORKS

HOW TO READ A PAGE

THE PARTS OF A PAGE

The answer box
A big box for a child's handwriting. Click one to type in it, or print and write.

The cut line
Cut and Paste pieces touch edge to edge in a block, so the cutting is a few straight lines. Every piece is over 1 inch tall and wide.

The picture
Every picture is drawn for this set: a lantern, a red envelope, a dragon, dumplings, fireworks and more.

The lettered choice
On Read and Answer the choices have letters. The right letter moves from item to item.

THE 10 PAGE TYPES

PAGE TYPE	WHAT IT LOOKS LIKE	WHAT THE CHILD DOES
Fact Chart	six picture cards	Read it together. The child writes what two words mean. 1 dot.
Match the Word	a word, four pictures	Circle the matching picture and write its number. 1 dot.
Fill It In	picture or sentence	Write the word for a picture, or finish a sentence from a box of eight. 2 or 3 dots.
Read and Answer	a story, 3 questions	Read and circle the right answer. A is shorter (2 dots), B is longer (3 dots).
Put It in Order	a story, scrambled steps	Write 1 to 5, or cut six pieces and paste them in order. 2 or 3 dots.
Compare Two Celebrations	three big boxes	Write what is only Chinese New Year, what is both, and what is only the child's. 3 dots.
Write About It	picture box, lines	Draw and write three lines, or write four sentences from starters. 2 or 3 dots.
Word Search	12 x 12 letters	Find eight words across or down. 2 dots.
Draw and Label	four empty boxes	Draw each picture and write the word. 2 dots.
Cut and Paste	8 pieces	Cut, then paste each piece in the box that matches. 1 or 2 dots.

The dots at the top right

One dot: starting (look, match, sort pictures). Two dots: building (read a short story, write the word, search). Three dots: ready for more (longer reading, compare, write sentences). Dots, not words or colors, so children do not compare pages.

Room to work

Every answer box is big and every student page has a name line at the top. Writing pages have primary lines with a dashed middle. If a child needs more room, hand over one page a day.

Printing and the type-in fields

Every page prints clean. The name line and every answer box are type-in fields in any PDF reader: click one, type, then save. This is a fillable PDF, not a slideshow or a word-processor file.

Untimed on purpose

Nothing here has a timer or a score on the page. Write your own wording for what counts as done on the line on page 22.

Watch for

- **Reading the choices.** Each wrong choice is plainly wrong when the story is read. Ask the child to point to the sentence in the story that tells.
- **Time words.** In Put It in Order, ask for First, Next, Then and Last. The sentences on the page leave those words out.

Compare and Write: no single right answer

Compare Two Celebrations (page 13) and Write About It (pages 14, 15) are not scored. Look for a sentence that starts with a capital letter and ends with a period, a fact from the Fact Chart, and a word from the box spelled the way the box shows it.

SUMMARY, IN ONE OR TWO SENTENCES, FOR WHOEVER READS THIS NEXT

A filled-in line, for reference

"Chose the right answer on 2 of 3 questions on Read and Answer A on Wed. Next step: Read and Answer B, pointing to the sentence in the story that tells." That is the level of detail this page is built for. It matches the filled example on page 26.

How to read it

Maya T. has done **6 of 11** scored pages and got **32 of 34** items right with no prompt. **4** pages were all right. Every number here comes from the table above.

The family note this tracker would produce

"This week Maya finished 6 pages and got 32 of 34 items right. Maya needed a little help on one item on each of 2 pages; pointing to the sentence in the story that tells is the next thing to practice." — every number in it is a row of the table above.

What the table points to

2 pages carry a note and each is one item short of full. Pages left blank (5 of them) are not tried yet, never wrong.
