CHRISTMAS I SPY COUNTING

FIND, TALLY AND GRAPH

8 SCENES

Start Here

Eight Christmas scenes to search. Children find, tally and count, then color a bar graph.

What's inside

- **8 scene pages**: 5 kinds of things to find in each, 164 to find in all, hidden at different sizes, plus a few things that are not counted.
- **8 sets of recording rows**, one under each scene: the picture, a tally box and a number box.
- **4 bar-graph pages** (pages 13 to 16), two scenes on each page, 5 bars of 8 boxes.
- My own count (page 17), a drawing book checklist (page 18), a two-page answer key (pages 19 and 20), a family note (page 21), what's next and credits.

Three steps

- **1. Search.** A child finds every one of the five pictures in the scene and makes a tally mark as each one is found.
- **2. Count.** Write the number in the box. No two pictures in a scene have the same count.
- **3. Graph.** On the graph page, color one box for each one counted. Talk about which has the most and the fewest.

Which page for which scene

Scene	Level	Scene page	Graph page	Things to find
1. Elf Workshop	●	5	13	15
2. Cozy Fireplace	●	6	13	15
3. Santa's Snowy Hill	■	7	14	20
4. Tree Farm	■	8	14	20
5. Sweet Shop	■	9	15	20
6. Christmas Snow Day	■	10	15	20
7. Christmas Woods	▲	11	16	27
8. Wrap and Mail	▲	12	16	27

The shape on a page

● **circle**: counts from 1 to 5. ■ **square**: counts from 2 to 6. ▲ **triangle**: counts from 2 to 8. Choose the scene whose counts a child can manage.

What this is, and is not

This is a set of counting and graphing pages. It is **not** a progress-monitoring probe, and it has no scoring and no timeline. Your own plan and your district's rules decide how a child works. It is a print-and-go PDF, with no typing fields.
