QUICK START

One complete kit for words that end in ck: words to circle, sort, spell, match, place in sentences and trace — every student answer is written, circled or drawn in pencil, so no student page needs scissors or glue.

THREE STEPS

1. **Look at the words together**
   Page 5 shows the 18 words, grouped by the vowel before the ck. In every one, the ck follows a short vowel and says the k sound. Read the cards aloud before any pencil work.

2. **Pick a format and a set**
   Six ways to practice, easiest to hardest. The chart below says which page for which child. Each format comes in three sets of six words (A, B, C), so a child never meets the same word twice in one format.

3. **Check it, record it, send it home**
   The answer key is page 24. Date each word on the tracker (page 25), roll the group up on page 26, and send the home page (28). A filled example is on page 29.

Everything inside (33 pages)

- **19 student pages** in 6 formats: three sets of 6 words in each, plus the Words with ck page
- **18 words**, each with ck after one of 5 vowels
- **1 answer key** generated from the same data as the pages, **1 tracker** (18 words) and **1 class grid**
- **1 team note**, **1 home page**, **1 filled example**, **1 phrase bank**
- **1 binder cover, 6 divider tabs** and a spine label, cut along the dashed lines

What is not in here

There are no pictures, so a child reads every word instead of guessing it from a drawing. Words that end in k after a consonant or a long vowel (milk, make) are not in the bank, so nothing on a page can be argued two ways. Your district's own phonics scope and sequence decides when to teach it.

How to read it

Priya R. has done Circle the ck Word for **12 of 18** words, Sort by Vowel for **10**, the c, k or ck? page for **8**, Match the Sentence for **4**, Fill the Sentence for **3** and Trace and Write for **2**. Ready for Fill the Sentence next: lock. Ready for Trace and Write: kick. Every number comes from the table above.

The family note this tracker would produce

"This month Priya R. circled the ck word for 12 words and wrote 2 of them in a sentence. Two words were first spelled without the ck (kik for kick, lic for lick) and both were fixed alone; sock needed a model." — every fact in it is a row of the table above.
