Terms of Use

Please read before you print your first page.

One classroom license

- This file is for one classroom: one teacher and the students in that room.
- Please do not share it, post it online, or sell it.
- Extra licenses for a team or a school are available on the product page.

This is a fillable PDF. It is NOT a slide deck or a document file.

- Open it in Adobe Acrobat Reader, Preview, or a web browser. Click a line and type.
- Save a copy under a new name before you close it, so the names you typed stay in that copy.
- Or print it and write by hand. Every page still reads in black and white.

Print at 100 percent

Turn off fit to page and shrink to fit so every bill and check keeps its size. Use cardstock for the cut sheets if you have it. Cut on the solid lines.

Class money only

Bills, checks, tags and coupons are class money for your classroom. They are not real currency and have no value outside your room. The bill designs are original.

What this is

A classroom reward system with class money. Your school's rules for behavior stay separate. Write your own rules on the blank lines on page 4.

The example students on pages 11 and 14 are invented and say so on the page.

How to Run the Class Store

Set your own rules in your own words. The lines are yours to write on.

1. Earn

- Hand a bill when a student does what your class rule names.
- Hand it the same day, while the moment is still there.

2. Log

- Write each bill in the banker log (page 13), or in the student's register (page 15).
- The balance is what the student has after that line.

3. Shop

- Price each item from the store menu (page 12) in class money.
- A student pays with bills or a check (page 9) or a coupon (page 16).

4. Tally

- Count the class each Friday on page 17.
- Keep the log with your other classroom records.

Our rules (you write them here)

What this is, and what it is not

- A classroom store that uses class money, for one classroom.
- Not real currency, not a grade, not a consequence, and not a school policy.
- This is a fillable PDF. It is NOT a slide deck or a document file.
- Every student in the examples is invented.

Example: Class Store Menu

Invented items and prices in class money. Your own menu is a blank on page 12.

Item (invented)	Class money
Sticker from the box	1
Pencil with an eraser top	2
Pick the class song	5
Sit at the reading table	5
Sit by a friend	10
Line leader for the day	10
Helper for the day	10
Choose the circle-time book	20

Read the menu

- There are 8 items. Each price is class money, and each purchase is one item.
- Sit at the reading table costs 5 class money, the same as one five bill.
- Each purchase in the example banker log (page 14) uses one of these prices.

Put the price on the tag

Write the same item and price on a store price tag (page 10), and tape or clip the tag to the item.

Banker Log

One line each time class money moves. Balance is what the student has after that line.

Day	Student	What happened	Money in	Money out	Balance

PREVIEW

Each Friday

- Add the money in and the money out for each student, then check the balance.
- Carry the balances to the class tally on page 17.
