

CLASSWORK TRACKER

Terms of Use

Please read before you print your first page.

One classroom license

- This file is for one classroom: one teacher and the students and families in that class.
- Please do not share it, post it online, or sell it.
- Extra licenses for a team or a school are available on the product page.

This is a fillable PDF

- Open it in a PDF reader (Adobe Acrobat Reader, Preview, or your browser), click into a line or a box, type, and Save As.
- Every line and box is already a type-in field. There is nothing to unlock.
- It works offline. No account and no internet connection are needed after download.

Print at 100 percent

Turn off fit to page and shrink to fit. The lines and boxes are dark, so the pages photocopy in black and white.

Keep student names private

Every page holds a student's name and work. Keep printed pages in a folder, and follow your school's own privacy rules.

Need help?

If a field will not behave or a page will not print the way you expect, use Ask a Question on the product page before leaving a review. Every question is read, and a fix to the file ships as a free update: re-download it any time from My Purchases.

The words are yours

Your team decides what counts as finished and what counts as a prompt. Write those words on page 4.

How to Use Your Tracker

Five steps, what each column means, and a place for your team's own words.

Five steps

1. Open the PDF in a reader. Click a line or a box and type. Press Tab to move on.
2. Type the classwork. Check one box for finished, one for prompts needed, and type the correct and out-of numbers.
3. Print on letter paper at 100 percent. The pages photocopy in black and white.
4. Save As before you print, so the blank file stays clean for next week.
5. At the end of the week, add up the marks and carry them to page 11.

The three columns

- **Finished:** check All, Some, or Not yet.
- **Prompts needed:** check how many reminders or cues the student needed: 0, 1 to 2, or 3 or more.
- **Correct out of:** type how many answers were correct and how many were tried.

Where each part is

- The week grid is page 5, with a filled example on page 6.
- The one-student week is page 7, with a filled example on page 8.
- The class roster and the class snapshot are pages 9 and 10.
- The roll-up and graphs are pages 11 and 12.
- Print the binder set (pages 18 and 19) on cardstock.
