Terms of Use

Please read before you print your first page.

One classroom license

- This file is for one classroom: one teacher, one group of students.
- Please do not share it, post it online, or sell it.
- Extra licenses for a team or a school are available on the product page.

This is a fillable PDF

- Open it in a PDF reader (Adobe Acrobat Reader, Preview, or your browser), click into a line or a box, type, and Save As.
- The name lines, the organizers, the graphing questions, the reading answers, the data sheet and the family note are type-in fields. You can also print any page and write by hand.
- It works offline. No account, no subscription, no internet connection needed after you download it.

Print at 100 percent

Turn off fit to page and shrink to fit so the cut pieces keep their size. Print the mats and pieces on cardstock if you can; copy paper works too. Every page reads in black and white, and the word wall cards come in a color set and an ink-saver set.

About the signs

Every sign in this file is a simplified teaching picture made for this product. Signs can look a little different from one town or country to the next, so look at the signs where you live and compare. Your school and your district decide how safety is taught.

Need help?

If a field will not behave or a page will not print the way you expect, use Ask a Question on the product page before leaving a review. Every question is read, and a fix to the file ships as a free update.

A Note to Families

One page to send home when you start the signs.

Date _____ Class _____ Teacher _____

Dear families,

In our room we are learning 30 signs children see on the road, in buildings and around town, such as stop, exit, restroom and library. Children match signs to words and to what each sign tells us, sort them by where we see them, and read and graph them.

This week we are learning

_____

_____

You can try this together

On a walk, a ride or a trip to the store, point to a sign and ask: what does it say? what does it tell us? Where would you see it? Talk about the signs on your own street and the rules your family uses.
