Type-In Names - Print - Cut

Bright Path Sped

Terms of Use

Please read before you print your first page.

One classroom license

- This file is for one classroom: one teacher and the students in that room.
- Please do not share it, post it online, or sell it.
- Extra licenses for a team or a school are available on the product page.

This is a fillable PDF. It is NOT a slide deck or a document file.

- Open it in Adobe Acrobat Reader, Preview, or a web browser. Click a name box and type.
- Save a copy under a new name before you close it, so the names you typed stay in that copy.
- Or print it and write by hand. Every page still reads in black and white.

Print at 100 percent

Turn off fit to page and shrink to fit so every tag keeps its size. Use cardstock for the cut sheets if you have it. Cut on the solid lines.

Print the sheet again for each new batch of names, or save a typed copy for each class.

Student names

A tag carries a student's name. Keep your own class list with your other classroom records.

What this is

Tags for cubbies, coat hooks, lockers, bins and shelves. Where your school wants names, or no names, on cubbies is your team's call; write it on the blank line on page 4.

The example students on page 6 are invented and say so on the page.

Need help?

If a page will not print the way you expect, use Ask a Question on the product page. We are glad to help.

Print one test page first, then print the rest of the set.

Type

- Click a name box and type. Names are centered in the box.
- Long names fit best on the large and medium tags. A first name and a last initial fit anywhere.
- Save a typed copy under a new name for each class.

Stick

- Use tape, a glue stick, hook-and-loop dots or a clear pocket.
- Laminate first if the tags stay up all year.

What these tags are, and what they are not

- Name tags for cubbies, hooks, lockers and shelves, with blank tags for anything else.
- Not a school policy and not a plan for any student. Every name in the examples is invented.
- This is a fillable PDF. It is NOT a slide deck or a document file.

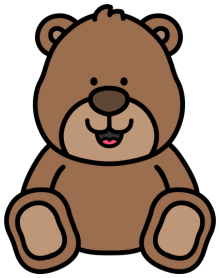

Your school's rule for names on cubbies (your team writes it)

Write what your school asks, or leave it blank. This set does not state one.
