DATA WALL

BULLETIN BOARD

Class Goal Tracking Posters · Editable PDF

25 pages · graphs + goal cards + banners

Terms of Use

Please read before you print your first page.

One classroom license

- This file is for one classroom: one teacher, one group of students.
- Please do not share it, post it online, or sell it.
- Extra licenses for a team or a school are available on the product page.

This is a fillable PDF

- Open it in a PDF reader (Adobe Acrobat Reader, Preview, or your browser), click into a line, a box or a table cell, type, and Save As.
- Every title line, axis label, goal line and table cell is a type-in field. The graph boxes are for coloring after you print.
- It works offline. No account, no subscription, no internet connection needed after you download it.

Print at 100 percent

Turn off fit to page and shrink to fit. Every line is black or gray, so the pages photocopy in black and white.

Class totals only

These posters are for the whole class. Please keep student names, initials and photos off the wall, and follow your school's own rules for what may be posted.

Need help?

If a field will not behave or a page will not print the way you expect, use Ask a Question on the product page before leaving a review. Every question is read, and a fix to the file ships as a free update: re-download it any time from My Purchases.

© Bright Path Sped. For single-classroom use by the original purchaser.

How to Build Your Data Wall

Five steps, one rule, and words to put on the wall.

Five steps

1. Choose one goal for the whole class and write it on a goal card or a poster title.
2. Decide what one box means (for example, one book read, or one day on time) and type it on the poster.
3. Type your column labels along the bottom: weeks, months or class periods.
4. Print on letter paper at 100 percent. Cut a banner or card out only if you want it smaller.
5. Each time the class reaches a box, color it in. Add the date to the update log.

The one rule: class level only

- Show the whole class, never one child. No student names, initials or photos on the wall.
- Use counts the class earned together: books read, days on time, tasks finished.
- Your school decides what may be posted. If a number could point to one child, leave it off.

Typing, coloring and printing

- Open the file in a PDF reader, click a line or a table cell, and type. Save As to keep your titles.
- A graph box is not a type-in field. Color the boxes by hand after you print, so a marker can fill them in.
- To make a poster bigger, use your printer's poster option or enlarge it at a copy shop.

6 sentence starters for the wall

Our class goal is to ____ by ____.

We started at ____ and we are now at ____.

Each box means ____.

Every time we ____, we color a box.

We grew by ____ this month.

Next we will try to ____.

A Filled-In Reading Graph (Invented Class)

Room 12 is an invented class and the numbers are made up. This is the reading graph from page 8, colored in. Dashed line: the goal.

Class	Our goal	One box means
Room 12, Ms. Alvarez (invented)	16 books a week	2 books

PREVIEW

Add it up

- Books our class read together: 6 in Wk 1, 18 in Wk 10. The class grew by 12 books a week.
- 3 of 10 weeks reached the goal line, starting in Wk 8.
- All 10 weeks together: 60 boxes, 120 books.

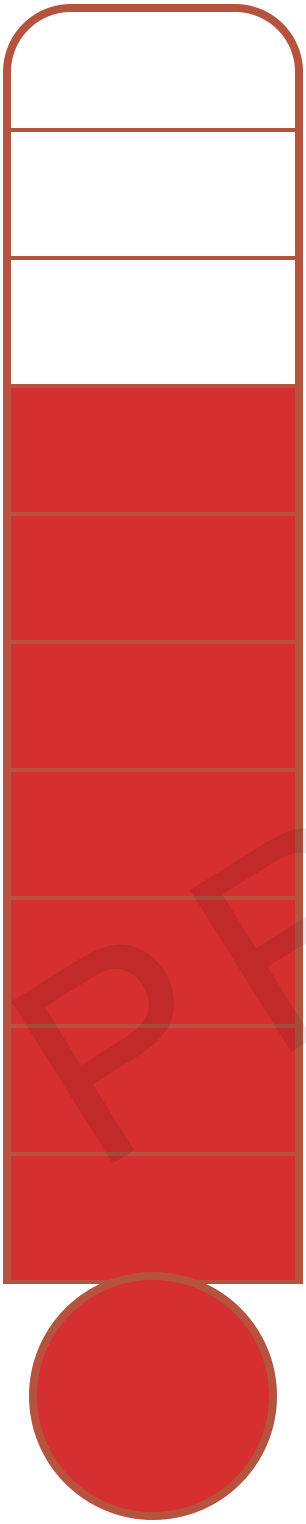

Sentence for the wall

We started at 6 books a week and reached 18. We grew by 12!

A Filled-In Thermometer (Invented Class)

Room 12 is an invented class and the numbers are made up. 7 of 10 steps are colored in.

Class	Our goal	We will celebrate with
Room 12 (invented)	20 books a week	A class cheer

20 books a week

18 books a week

16 books a week

14 books a week (we are here)
