DO I HAVE ENOUGH MONEY?

Menus, Flyers, Making Change - Grades 6-12

39 PAGES

Bright Path Sped

Terms of Use

Please read before you print your first page.

One classroom license

- This file is for one classroom: one teacher, one group of students.
- Please do not share it, post it online, or sell it.
- Extra licenses for a team or a school are available on the product page.

This is a fillable PDF

- Open it in a PDF reader (Adobe Acrobat Reader, Preview, or your browser), click into a line or a box, type, and Save As.
- The name line, every answer box, every ruled work box, every check box and every table cell on the student pages are type-in fields, and so are the tracker, class grid, team note and family page. You can also print any page and write by hand.
- It works offline. No account, no subscription, no internet connection needed after you download it.

Print at 100 percent

Turn off fit to page and shrink to fit so the ruled lines stay 0.34 inch apart. Every student page is readable in black and white inside a colored border, so it still reads when copied in black and white. Every bill and coin carries its number, and every price is written in numbers.

Student work

A filled-in tracker, class grid or team note carries a real student's name. Keep it in the data folder, and use a first name only on any page that leaves your hands.

Need help?

If a field will not behave or a page will not print the way you expect, use Ask a Question on the product page. Every question is read, and a fix ships as a free update.

© Bright Path Sped. For single-classroom use by the original purchaser.

PREVIEW

How To Read a Page

The parts of a student page, then the page types in the order they come.

The parts of a page

- **The shape.** A small circle, square or triangle by the page title marks the level (whole dollars, exact amounts, with change). It is a shape and not a number, so students do not compare levels.
- **The wallet.** Bills and coins are drawn in a row, bills first and biggest first. Each one carries its number.
- **The price tag.** A tag with the price in numbers and the word dollars. No currency symbol is used anywhere in the file.
- **The answer box.** A bordered box for a number or a word. Click it to type, or print and write in it.
- **The check box.** YES or NO: click or mark one. Exactly enough counts as YES.
- **The cut line.** Six pieces in a 3 by 2 grid, each 2.4 by 1.25 inches, edge to edge.

Page type	What it looks like	What the student does
Know Your Money, Count the Coins	2 pages, 12 items	Add the bills and coins in four wallets; count eight piles.
6 Menus and Flyers	6 pages, 24 items	Read prices, find the most and least, add two or three items.
Level 1: whole dollars	2 pages, 20 items	Count a wallet of bills, compare to the price, tick YES or NO.
Level 2: exact amounts	2 pages, 20 items	Count bills and coins, tick YES or NO, write how much more or left.
Level 3: with change	3 pages, 20 items	Add several items, subtract from the wallet, find the change.
Plan, Write, Quiz, Cut and Paste	7 quiz items, 18 pieces	Pick items under a budget, write about money, take a quiz, sort YES and NO.

Three levels, one idea

All three levels ask the same question: do I have enough? Level 1 uses bills and whole-dollar prices. Level 2 adds coins and cents. Level 3 adds several items and change. A student can start anywhere and move up when the page feels easy.

Invented stores and prices

Every store, item and price is made up for practice. None is a real store or a price list, and the picture of an item does not mean that item costs that much anywhere.

Printing and the type-in fields

Every page prints clean in black and white. The name line, every answer box, every ruled box, every check box and every table cell are type-in fields in any PDF reader: click one, type, then save. This is a fillable PDF, not a slideshow or a word-processor file.

Open answers

Plan Your Shopping (page 20), Think It Through (page 21) and the self check are open. The keys give a sample. Accept any answer that is true to the prices on the page.

My name _____ Date _____

Think It Through

Answer each question in full sentences.

Use what you know about money to answer.

1. Why should you add up the prices of everything before you go to the register?

2. You have 8 dollars and the jacket costs 9.50. How do you know you do not have enough? What could you do?

3. Explain how to find your change when you pay with a ten dollar bill.

6	Total 11.95, have 20.00: YES, change 8.05

Change Back page 19

#	Answer
1	1.35
2	3.60
3	6.25
4	5.15
5	3.05
6	3.70
7	0.55
8	11.01

Menu and flyer questions

Pg	#	Question starts	Answer
15	1	How much is the taco?	3.50
	2	Which item costs the most?	Hamburger
	3	Which item costs the least?	Milk
	4	How much for the fries, milk and …	7.50
17	1	How much is the mug?	5.50
	2	Which item costs the most?	Backpack
	3	Which item costs the least?	Ruler
	4	How much for the glue, ruler and …	6.25

Sample: Plan Your Shopping (page 20)

- Buy: teddy bear 11.25, mug 5.50, glue 1.75, ruler 1.25.
- Total 19.75. Budget 20.00. Left over 0.25. Is the total under or equal to the budget? YES.
- Any list that is two to four items with a total at or under the budget is right. Check the total against the prices on the flyer.

PREVIEW

Enough Money Tracker

One student, every scored page. Filled example: page 35.

Student _____ Teacher _____ Month _____

Page	Page type and set	Items	Right	Date	Notes

PREVIEW

How to fill this in

Write how many items the student got right with no prompt, and the date. A blank means not tried yet, never wrong. There are 121 items on the 19 scored pages. Answer keys: pages 27 to 30. Filled example: page 35.

This month we are working on (your own goal or wording)

Team Note

Use this page between team meetings or when a student moves classes, to hand off what changed without writing a note from scratch. Everything below is observable, with a blank for the number or the wording your team already uses.

Student _____ Team member _____ Date _____

Page type	Covered since last note (Y/N)	Items right	Still blank
Know your money			
Menus and flyers			
Level 1 whole dollars			
Level 2 exact amounts			
Level 3 with change			
Quiz			
Cut and paste			

What I saw (observable, not a conclusion)

- Added the bills and coins correctly on ___ of ___ wallets (pages 5, 6).
- Ticked the right YES or NO on ___ of ___ questions at Level ___ (pages 8 to 14).
- Wrote the right amount more or left on ___ of ___ questions.
- Found the change on ___ of ___ problems (pages 16, 18, 19): yes / no / with a reminder.

Next step

- Next page or set: ___, because ___ (what you saw).
- What to try in another class or at home: ___.
- What to keep doing because it is working: ___.
- Anything for the team meeting to decide: ___ (this page records what happened, never a label or a plan).

Summary, in one or two sentences, for whoever reads this next

A filled-in line, for reference

"Got 6 of 10 on Do I Have Enough (Level 2) with no prompt on 10/3. Next step: count the coins first, then compare to the price." That is the level of detail this page is built for. It matches the filled example on page 35.

PREVIEW

How to read it

Jordan R. has done **6 of 19** scored pages and got **35 of 44** items right with no prompt. **2** pages were all right and **4** carry a note. Every number comes from the table.

What the table points to

The lowest page is Do I Have Enough? Coins A (6 of 10). That is where the next practice goes. The 13 pages left blank are not tried yet, never wrong.

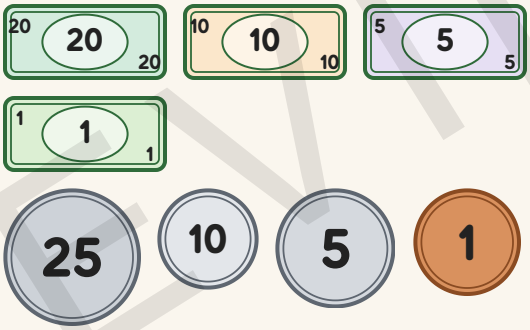

Binder Cover

Slide this into the front of a binder. Type a name in the two fields or write it by hand. The divider tabs and a spine label to cut out are on the next page (page 38).
