

Second Grade Sight Words

DOLCH • TRACE • CUT • GLUE

• 37 pages • 6 page types • 46 words

THREE STEPS

1 Look at the helper together

Page 6 is the one page that shows the routine: say the word, trace it in three colors, write it alone. Do the first word with the child, then let the child do the rest of the page.

2 Pick a set and a page type

One list of 46 words in 5 sets. Rainbow Write is one page a set; Find and Color and Missing Letter are one page for one or two sets together. Page 5 lists every word and every page number.

3 Check it, record it, send it home

The answer keys are pages 27 and 28. Date each page on the tracker (page 29), roll the group up on page 30, and send the home page (32). A filled example is on page 33.

What makes it different

No picture is used for a word: a sight word is not a thing to draw, so a page never pairs a word with the wrong picture. Every student page has a big name line and big rounded letters; Rainbow Write has a writing box on primary lines. Page 5 says how the word list was used. This is one Dolch tier up from this store's First Grade worksheet: a different, later list, not a substitute for it.

How to fill this in

Date each page the day it is finished, and write how many of its items (the Items column) the child did with no help. A blank means not tried yet, never wrong. Filled example: page 33.

NEXT SET, OR WHAT TO TRY

Nathan R. is invented; nothing on this page describes a real student. The blank tracker is on page 29.

How to read it

Nathan R. has finished **3 of 5** Rainbow Write pages (**22 of 27** words with no help), **1 of 3** Find and Color page (**16 of 18**), **1 of 3** Missing Letter page (**14 of 18**) and **2 of 5** Build a Sentence pages (**3 of 4** sentences). Read and Draw is not started.

The family note this tracker would produce

“This month Nathan traced and wrote 22 of 27 Rainbow Write words with no help and found 16 of 18 words on Find and Color. He is starting to put words in order to build a sentence: 3 of 4 so far.” — every fact in it is a row of the table above.

THANK YOU FOR USING THIS RESOURCE

Everything here was built for the teacher who has a table of children who each need the same words at a different pace. If this helped, leaving feedback on TPT helps other teachers find it.

Something missing or wrong?

Please use the **Ask a Question** tab on the product page first — every question is read, and a fix to the file is a free update you re-download from **My Purchases**.
