This is a fillable PDF

- Open it in a PDF reader (Adobe Acrobat Reader, Preview, or your browser), click into a box, type, and Save As.
- The name line on the student pages, the tracker and the notes areas are type-in fields. You can also print any page and write by hand.
- It works offline. No account, no subscription, no internet connection needed after you download it.

Print at 100 percent

Turn off fit to page and shrink to fit so the numbers stay big enough for small eyes. Every page prints in color or in black and white. In black and white the color key still works: each swatch carries its color word, so a child can pick up the right crayon and a teacher can read the page from across the table.

Student work

A filled-in tracker carries a student's name. Keep it in the data folder, and use a first name only on any page that leaves your hands.

Answer Key 2

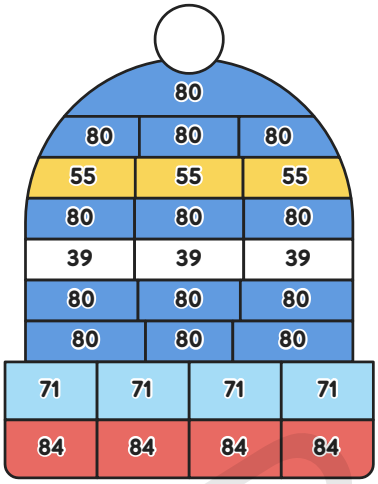

Each finished picture shows the sum in every part.

Page 11 - Winter Boot (Regrouping)

Page 13 - Winter Hat (Mixed)

Sum, color, and the problems that equal it. * = needs a trade.

39 white: 12 + 27, 13 + 26, 21 + 18; **55** yellow: 42 + 13, 23 + 32, 27 + 28*; **71** light blue: 49 + 22*, 23 + 48*, 27 + 44*, 28 + 43*; **80** blue: 69 + 11*, 68 + 12*, 62 + 18*, 22 + 58*, 57 + 23*, 24 + 56*, 54 + 26*, 49 + 31*, 34 + 46*, 45 + 35*, 43 + 37*, 42 + 38*, 41 + 39*; **84** red: 13 + 71, 62 + 22, 52 + 32, 43 + 41.

Page 14 - Snow Globe (Mixed)

Sum, color, and the problems that equal it. * = needs a trade.

32 red: 13 + 19*; **48** yellow: 31 + 17, 19 + 29*; **68** green: 19 + 49*, 39 + 29*, 36 + 32; **78** white: 59 + 19*, 21 + 57, 52 + 26, 29 + 49*, 47 + 31, 37 + 41; **84** brown: 67 + 17*, 26 + 58*, 32 + 52, 51 + 33, 35 + 49*, 45 + 39*; **89** light blue: 14 + 75, 15 + 74, 16 + 73, 17 + 72, 68 + 21, 22 + 67, 26 + 63, 55 + 34, 35 + 54, 51 + 38.

Hold the child's picture next to the finished one. A part is right when its color matches the key for its sum. If a part is different, ask the child to add it again with the ones first, or look at page 4. Record how many parts match on the tracker (page 17).

Helper page, try it: 41 + 36 = 77; 52 + 27 = 79; 46 + 37 = 83; 28 + 59 = 87. Family page: 23 + 45 = 68; 51 + 36 = 87; 64 + 22 = 86; 27 + 38 = 65; 46 + 35 = 81; 58 + 29 = 87.

Priya's Tracker (Invented Student)

Priya S. is an invented student; nothing on this page describes a real child. The blank tracker is on page 17.

Page	Picture	Set	Date	Right	Out of	Notes
7	Mitten	No regroup	11/3	26	27	–
8	Scarf	No regroup	11/4	28	28	–
10	Ice Skate	Regroup	11/5	20	25	Used the helper page
11	Winter Boot	Regroup	11/6	28	31	–
13	Winter Hat	Mixed	–	–	27	–
14	Snow Globe	Mixed	–	–	28	–

How to read it

Priya S. has done **4 of 6** sheets and added **102 of 111** problems right (91.9 percent). The sheet with the lowest share right: page 10, the ice skate, 20 of 25.

The family note this tracker would produce

"This week Priya colored 4 addition pictures and added 102 of 111 problems right. We are still practicing trades on the ice skate page. At home, please try the problems on the family page together."

What this teacher might do next

Priya has finished both circle pages and both square pages. The square pages were harder, so before page 13, the winter hat, look together at the trade picture on the helper page (page 4) and try the problems there. The mixed pages (12-14) come last, because each problem needs a look at the ones first.
