ELF CRAFT Elf Craft Week — Start Here

Do one activity a day. Pull the page and go.

This week

- [ ] Start each day at circle time with the pictures and words on the vocabulary cards. Children love the repeat, and each day they join in more.
- [ ] Then do that day's activity. Every student page has one short direction and a picture, so a paraprofessional can run it too.
- [ ] Teach the core word **help** all week: point to it on the talker or core board every time it comes up during the day.
- [ ] Cutting pages are built for small hands: five or more big pieces, lined up so every cut is one straight line. Pre-cut them for students who are not cutting yet.
- [ ] Sorting, counting, letters and writing come in three levels, marked with a small shape so children do not compare: ● starting (errorless matching), ▪ building, ▲ ready for more.
- [ ] Print the color pages, or use the ink-saver pages at the back on a photocopier.
- [ ] **Day 5 craft:** Color the bare elf and every dress-up piece, then cut out every piece. Glue the bare elf in the middle of a big sheet of paper. Dress the elf from the top down: glue the hat on the head, an ear on each side of the head, the collar around the neck, the tunic over the body, the belt across the tunic, and a boot over each foot. Glue the bell on the tip of the hat and the gift in a hand. Then write your elf's name and what it likes to do. Say what you made!
