What's inside

- **Our elf day** picture schedule (page 3) and the **elf job application** on three levels (pages 4-6)
- **Jobs of North Pole elves** (page 7): read six jobs, then write which one you want
- **The elf craft**: how to make it (page 8), 9 pieces to color and cut (page 9), the same 9 pieces ready-colored (page 10), the glue page (page 11) and an **ELF DAY banner** of 6 flags to color and cut (page 12)
- **Elf job or not** (page 13): 6 cards to cut and sort, and **make a toy** (page 14): 5 cards to cut, 4 to glue in order and 1 that does not belong
- **Count the toys** on three levels (pages 15-17) and **a postcard to Santa** on three levels (pages 18-20)
- **Be a kind elf** (page 21), a class data page (page 22), a family letter (page 23) and credits (page 24)

An elf day in stations

Set up six stations and rotate small groups, or spread the pages over a week. Each station is one page set. Start with the picture schedule so every child can see the plan.

- **Station 1, the elf office**: the job application (pages 4-6) and jobs of elves (page 7). **Station 2, the workshop**: the elf craft and the banner (pages 8-12).
- **Station 3, sort and build**: elf job or not and make a toy (pages 13-14). **Station 4, toy counting**: pages 15-17.
- **Station 5, the mail room**: a postcard to Santa (pages 18-20). **Station 6, kind elves**: page 21.

How the craft works

One big smiling elf in a green hat with a gold bell is cut into 9 equal squares in three columns and three rows. Color the black-and-white pieces (or use the ready-colored page), cut along the straight lines and glue each piece on its faint twin on the glue page. The glue boxes are exactly the size of the pieces, and the nine pieces make the whole elf. Every part can be any colors. Glue works best on card stock.

Three levels (shapes by the name line)

- **Circle**: draw and circle (pages 4, 15 and 18). **Square**: finish the sentences or write the number (pages 5, 16 and 19). **Triangle**: write it yourself, or add two groups (pages 6, 17 and 20).
- Easier: a partner holds the glue stick, or the nine pieces are glued in order from the model. Harder: add one more sentence on any triangle page.

You need crayons, scissors, glue sticks and card stock. Answers for the sort, the sequence and the counting pages are on the class data page (page 22).

Answers. Elf job: make toys, wrap gifts, bake cookies. Not an elf job: work in a pizza shop, drive a fire truck, swim at the beach. Make a toy, in order: plan it, build it, paint it, wrap it; the card that does not belong: ride a horse. Counting, circle level (page 15): 3, 5, 2, 4. Write level (page 16): 6, 8, 7, 9. Add level (page 17): 3 + 2 = 5, 4 + 3 = 7, 5 + 4 = 9. On the application, postcard and kind elf pages there is no one right answer; note the level the child used (circle, square or triangle).
