How the type-in fields work

Open the file in a PDF reader such as Adobe Acrobat Reader and click a box to type. Use Save As with the date so the original stays blank. Or print it and write by hand; print at Actual size.

What this file is not

It is a fillable PDF: type in it with a free PDF reader. It has covers, spine labels and tab dividers only. No forms or logs are inside.

This is the free version
