Thank you for downloading

Thank you for supporting a small classroom-resource shop. Every purchase goes straight back into making more low-prep tools for special education teachers. If this saves you one stressful morning, it did its job.

You MAY

- ☐ Use this resource in your own classroom, with your own students, for as long as you like.
- ☐ Print as many copies as you need for your own classroom.
- ☐ Reference this resource on a blog or social media, with a link back to the listing.
- ☐ Buy additional licenses at a discount for teammates who want their own copy.

You may NOT

- ☐ Share, email, or upload this file to a shared drive, district server, or website.
- ☐ Sell, redistribute, or claim any part of this resource as your own.
- ☐ Copy or modify any part of it to create a resource for sale or free distribution.
- ☐ Post the file publicly where anyone other than you can download it.

A note on student information

Pages you fill in will contain confidential student information. Keep completed pages secure, follow your district's FERPA and records policies, and consider using first names or initials on anything that leaves your classroom.

Found a problem? Want something added?

Please use the **Ask a Question** tab on the product page before leaving a review — every question is read, and a fix to the file is a free update. Updates are always free: re-download from **My Purchases**. If this resource saved you time, an honest rating on Teachers Pay Teachers (**My Purchases → Leave a Review**) helps other teachers find a small shop, and TPT credits you toward future purchases for it.

How to Use the Free Data Tracker

Three steps. Everything here works typed or printed.

1. **Take the data.** On the trial tracker (page 4) write the date, how many trials, and how many were correct. Write the prompt level with your team's own letters.
2. **Work out the percent.** Correct ÷ trials × 100. Write it in the last box of the row.
3. **Copy the week.** Put each day's percent on the weekly summary (page 5), find the week average, and shade a bar for each goal.

IF YOU WANT TO…	USE PAGE	WHAT YOU GET
Take data on one goal	4	Fourteen rows: date, trials, correct, prompt level, percent
See four goals together	5	Five days, a week average and a bar for each goal
Let the student color it in	6	Ten boxes a day for five days, no scores
See it worked out	7–8	An invented student, every sum shown

How the type-in fields work

Open the file in a PDF reader such as Adobe Acrobat Reader and click a box to type. Use Save As with the date so the original stays blank. Or print it and write by hand; print at Actual size.

What this file is not

It is a fillable PDF, not a Google Sheets file, a Google Doc or an Excel workbook. It does not add anything for you. You type the numbers in.

Your team decides the rest

The goal wording, the prompt levels and the target for each goal come from your IEP team and your district. This tracker has a blank line for each one and does not fill in any of them.

What's in this file

Page 4: a trial tracker for one goal. Page 5: a weekly summary for four goals with a bar graph. Page 6: a page for the student to color. Pages 7 and 8: worked examples with a blank practice set. Page 9: what to use next.

Keep it private

A filled-in sheet is a student record. Keep it in the classroom or a district-approved folder, and follow your district's rule for how long to keep it.

TRIALS

One-Goal Trial Tracker

One goal, one sheet. Fill a row each time you take data.

STUDENT _____ **SKILL OR GOAL NUMBER** _____ **TAKEN BY** _____

GOAL WORDING (COPY IT FROM THE IEP)

_____

PROMPT LEVEL KEY (WRITE YOUR TEAM'S OWN LETTERS AND MEANINGS)

_____

#	DATE	TRIALS	CORRECT	PROMPT LEVEL	% (CORRECT ÷ TRIALS × 100)

TOTAL TRIALS _____ **TOTAL CORRECT** _____ **OVERALL PERCENT** _____

What I noticed

_____

WEEKLY

Weekly Summary for Four Goals

Copy each day's percent from the trial tracker (page 4). Four goals in one place.

STUDENT _____ WEEK OF _____ TEACHER _____

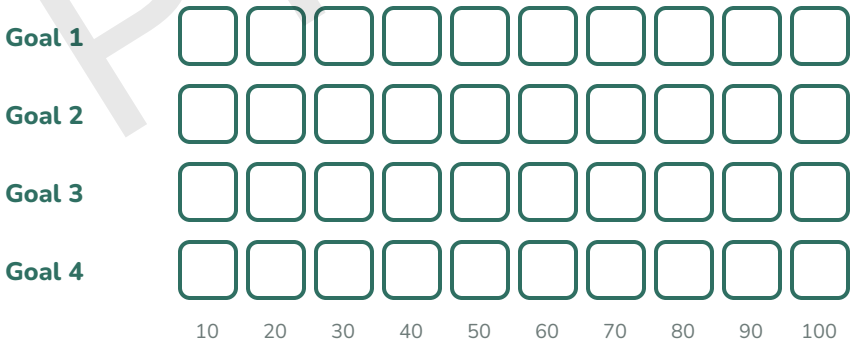

GOAL	MON %	TUE %	WED %	THU %	FRI %	WEEK AVERAGE %
Goal 1						
Goal 2						
Goal 3						
Goal 4						

Name your goals

GOAL 1 _____ GOAL 2 _____

GOAL 3 _____ GOAL 4 _____

WEEK AVERAGE · SHADE ONE BOX FOR EACH 10 PERCENT

Reading the week

Add the five percents, divide by the number of days you took data, and shade that many boxes (each box is 10). Write the reason for a low day (an assembly, a substitute) next to it so it is not read as a pattern.
