A NOTE ON STUDENT INFORMATION

Pages you fill in will contain confidential student information. Keep completed pages secure, follow your district's FERPA and records policies, and consider using first names or initials on anything that leaves your classroom.

FOUND A PROBLEM? WANT SOMETHING ADDED?

Please use the **Ask a Question** tab on the product page before leaving a review — every question is read, and a fix to the file is a free update. Updates are always free: re-download from **My Downloads**. If this resource saved you time, an honest rating on Teachers Pay Teachers helps other teachers find a small shop.

☆ START HERE Start Here — Three Steps

Print, cut, ring. Scissors and a hole punch are all it needs.

1

Print

Print the color cards (page 4) on cardstock, or the ink-saver cards (page 5) on plain paper. No prep: no setup, no editing, no account.

Blank cards for your own cue are on page 6.

2

Cut, punch, ring

Cut on the dashed lines. The cards touch edge to edge, so it is 5 straight cuts for a whole sheet of 12.

Punch a hole near the top edge and thread the cards on a ring. Pictures and steps are on page 7.

3

Show it, say it once

Hold up one card and say the one line from page 8. Then wait.

Clip the ring to a lanyard so the cards are in your hand when you need them.

WHAT IS INSIDE

12 picture cue cards: stop, wait, quiet voice, my turn, look, listen, ask for help, break, line up, walk, clean up, and hands to self. Each card is one picture and one or two words. They come in color and in ink-saver (24 cards), plus 12 blank cards, a page on building the ring and a page of what to say.

WHAT THIS FILE IS NOT

It is a print-and-go PDF. It is not an editable online slideshow or word-processor document, and it is not a behavior plan. What you do with a cue is for you and your team.

CARDS

Visual Cue Cards (Ink-Saver)

The same 12 cue cards in black-and-white line art, for a photocopier or low ink. Cut on the dashed lines, punch near the top edge, thread on a ring. The color set is on page 4.

REFERENCE

Build the Cue Ring

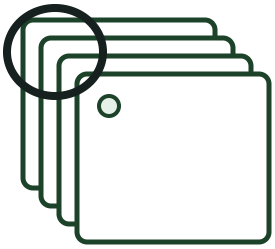

Cut, punch, thread. It takes about five minutes and no laminator.

1. Cut apart

2. Punch a hole

3. Thread on a ring

RING, STRAP OR CLIP

Use a one-inch metal book ring (any office or craft aisle). Clip it to a lanyard, a belt loop or a badge reel. A ring of four to six cards flips fastest, so thread only the cards this week needs.

NO RING? TRY THESE

Staple a corner. Tape the cards to a craft stick. Punch two holes and tie a loop of yarn. Put each card in a clear pocket on the wall. Any of these works.

WHERE TO PUNCH

Punch one hole in the top-left corner of each card, just inside the dashed line, so the hole misses the picture and the word. Punch them all the same spot and the cards stack straight.

MAKE IT LAST

Print on cardstock. For years of use, slide each card into a clear sleeve or laminate the sheet before cutting.

SPARE RING, SPARE ADULT

Print the ink-saver set (page 5) as a second ring for a paraprofessional, a specials teacher or a substitute, so every adult shows the same picture for the same word.
