

Fry Third 100 Sight Words

FRY • TRACE • CUT • GLUE

2ND
GRADE

50 pages • 6 page types • 100 words

THREE STEPS

1 Look at the helper together

Page 6 is the one page that shows the routine: say the word, trace it in three colors, write it alone. Do the first word with the child, then let the child do the rest of the page.

2 Pick a set and a page type

One list of 100 words in 12 sets. Rainbow Write is one page a set; Find and Color and Missing Letter are one page for one or two sets together. Page 5 lists every word and every page number.

3 Check it, record it, send it home

The answer keys are pages 40 and 41. Date each page on the tracker (page 42), roll the group up on page 43, and send the home page (45). A filled example is on page 46.

Ready to read a sentence and show what it says	Read and Draw, pages 36–39
Writing a progress note or a note home	Team note, page 44 · phrase bank, page 47

What makes it different

No picture is used for a word: a sight word is not a thing to draw, so a page never pairs a word with the wrong picture. Every student page has a big name line and big rounded letters; Rainbow Write has a writing box on primary lines. Page 5 says how the word list was used.

How to fill this in

Date each page the day it is finished, and write how many of its items (the Items column) the child did with no help. A blank means not tried yet, never wrong. Filled example: page 46.

NEXT SET, OR WHAT TO TRY

Mia P. is invented; nothing on this page describes a real student. The blank tracker is on page 42.

How to read it

Mia P. has finished **3 of 12** Rainbow Write pages (**21 of 27** words with no help), **1 of 6** Find and Color page (**16 of 18**), **1 of 6** Missing Letter page (**7 of 18**) and **2 of 5** Build a Sentence pages (**3 of 4** sentences). Read and Draw is not started.

The family note this tracker would produce

“This month Mia traced and wrote 21 of 27 Rainbow Write words with no help and found 16 of 18 words on Find and Color. She is starting to put words in order to build a sentence: 3 of 4 so far.” — every fact in it is a row of the table above.

THANK YOU FOR USING THIS RESOURCE

Everything here was built for the teacher who has a table of children who each need the same words at a different pace. If this helped, leaving feedback on TPT helps other teachers find it.

Something missing or wrong?

Please use the **Ask a Question** tab on the product page first — every question is read, and a fix to the file is a free update you re-download from **My Purchases**.
