Sentence Scramble

CUT · PASTE · WRITE

35 pages · 24 sentences · 8 pictures

One complete kit for building a sentence from word tiles: the child cuts one strip, pastes the words in order, reads it and writes it. Every strip is one straight row, so there are as few cuts as possible.

THREE STEPS

- 1 Start with the Sentence Helper**
 Page 7 is the one page with the rule on it: a sentence starts with a big letter and ends with a dot or a question mark. Read the two examples aloud, then let the child cut, paste and read.
- 2 Pick a set for each child**
 Set A traces the sentence (gray words show where each tile goes), Set B writes it, Set C adds a big colored picture and a line for the child's own sentence. Word Order is the same sentences with no scissors. The chart below says which page for which child.
- 3 Check it, record it, send it home**
 The answer key is page 26. Date each sentence on the tracker (page 27), roll the group up on page 28 and send the home page (30). A filled example is on page 31.

WHICH PAGE, WHEN

WHEN...	USE...
New to cutting, or needs the most support	Set A, Cut, Paste, Trace, pages 8–10
Ready to write the sentence	Set B, Cut, Paste, Write, pages 11–16
Ready for more: write, then write your own	Set C, Cut, Paste, Write Your Own, pages 17–22
Scissors are the hard part today	Word Order, no scissors, pages 23–25
Sending it home	Home page, page 30
Writing a progress note or a note home	Team note, page 29 · phrase bank, page 32

Everything inside (35 pages)

- **19 student pages:** 15 cut, paste and write pages (Set A 3, Set B 6, Set C 6), 3 Word Order pages with no scissors and 1 Sentence Helper
- **24 sentences** of 5 or 6 words, **8 pictures**, 1 picture key
- **1 answer key** made from the same data as the pages, **1 tracker** (24 sentences) and **1 class grid**
- **1 team note**, **1 home page** with its own strip to cut, **1 filled example**, **1 phrase bank**
- **1 binder cover**, **6 divider tabs** and a spine label to cut out

How this is different from other sentence sets

This is the same cut, paste and write format as Sentence Scramble Worksheets K-1, with a new 24-sentence bank built around a Halloween picture set (bat, cat, moon, owl, web, candy, ghost, jack-o-lantern) instead of a general one. The sentence itself is what gets built: the words come scrambled and the child puts them in order. Page 4 shows what each format asks.

How to fill this in

Date each column the day the child gets that sentence right. A blank means not tried yet, never wrong. A dash means that sentence has no Word Order page. Answer key: page 26. Filled example: page 31.

Kai is invented; nothing on this page describes a real student. The blank tracker is on page 27.

How to read it

Kai has cut and pasted **10 of 24** sentences and written **9**; Word Order is done for **8 of 12**. Set A is finished (6 of 6 written); Set B has 4 pasted and 3 written. Pasted but not yet written: owl. Every number comes from the table above.

The family note this tracker would produce

“This month Kai cut and pasted 10 sentences and wrote 9 of them. He read ‘moon’ as ‘moo’ once and fixed it when he read the sentence again.” — every fact in it is a row of the table above.

THANK YOU FOR USING THIS RESOURCE

Everything here was built for the teacher who has a table of children who each need a different amount of support to build a sentence. If this helped, leaving feedback on TPT helps other teachers find it.

Something missing or wrong?

Please use the **Ask a Question** tab on the product page first — every question is read, and a fix to the file is a free update you re-download from **My Purchases**.
