One classroom license

This file is for one classroom: one teacher and the children in that room. Please do not share it, post it online, or sell it. Extra licenses are on the product page.

What this file is

A print file. Print it, cut the cutting pages on the dashed lines, and use it at the table. The pages have no typing fields. It is a print file, not a slide deck.

Not affiliated

This resource is not affiliated with or endorsed by the author or publisher of I Like Myself. You need your own copy of the book; none is included. Nothing here reproduces the book's text, pictures or characters.

Children's work

Pages filled in by a child are the child's own work. The example child on page 4 is invented and drawn; no real person appears in this file.

Printing

Print at actual size (100%) with fit-to-page turned off, so the dashed cut lines stay true. Card stock works for pages 12 and 14. The cutting pages go together best with a glue stick and a pair of child-size scissors.

I Like Myself: Start Here

What is inside

- **Draw me** (page 5): a head and shoulders to draw yourself, no writing
- **Writing, three levels** (pages 6-11): "I like myself because," "I can," and "I am." Starting, building and ready for more
- **Things I like about me** (page 12): cut five words and glue each under its picture
- **A mirror craft** (pages 13-14): eight pieces to color, cut and glue on a mirror
- **Kind words and feelings** (pages 15-16): write kind words to yourself, then draw three panels
- A class page (17), a family note (18), what's next (19), credits (20)

Five days, one activity a day

- **Day 1 — Draw me.** Hold a hand mirror at the table. Each child draws the head and shoulders on page 5.
- **Day 2 — Write.** Pages 6-9 at each child's level, one draw box each. Read the example on page 4 together first.
- **Day 3 — Sort.** Page 12, the things I like about me. Read each word with the child before it is glued.
- **Day 4 — Craft.** Pages 13-14: color the eight pieces, cut on the dashed lines, glue each on its box in the mirror.
- **Day 5 — Share.** Pages 15-16. Each child tells one kind thing about themselves, then the pages go up on the wall.

Three levels, marked with a shape

- ● **Starting** Pages 6-7. The words are printed in dashed letters. The child traces them, then draws.
- ■ **Building** Pages 8-9. The words are printed solid. The child finishes the sentence.
- ▲ **Ready for more** Pages 10-11. Three sentences, with a word bank to choose from.

Levels are shown with shapes, not numbers, so children at one table are not comparing their pages. Page 12 and the craft are for every child.

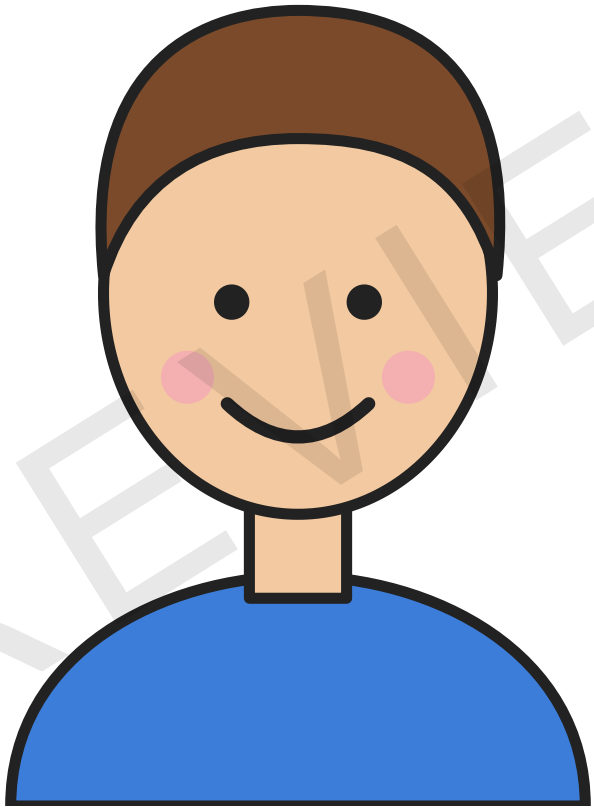

Prep

Print on regular paper. Print pages 12 and 14 on card stock if you can. You need crayons, scissors and glue sticks. Every cut is one straight line or a short run of pieces in a grid. The example child, Sam, is invented.

Liking Myself at School

Date: _____

Dear family of _____,

This week we practiced saying what we like about ourselves. We drew ourselves, wrote sentences that start with I like myself, I can and I am, and made a mirror craft.

Try it at home

Stand in front of a mirror together. Ask your child to point to something they like about themselves, then to draw it on a sheet of paper and write one word under it.

I like myself because _____

I can _____

Talk about it

- "What is one thing you like about yourself?"
- "What is something kind you could say to yourself after a hard day?"
- "Show me the picture you drew of yourself."

From _____ Questions? _____

What my child said
