8 COVERS + 16 SPINES + 8 DIVIDERS

Terms of Use

Please read before you print your first page.

One classroom license

- This file is for one classroom or one caseload: one teacher and the students and families they serve.
- Please do not share it, post it online, or sell it.
- Extra licenses for a team or a school are available on the product page.

This is a fillable PDF

- Open it in a PDF reader (Adobe Acrobat Reader, Preview, or your browser), click into a line or a box, type, and Save As.
- Every cover, divider and sheet line is already a type-in field. There is nothing to unlock.
- The spines print the subject and have a box to write the name by hand.
- It works offline. No account and no internet connection are needed after download.

Print at 100 percent

Turn off fit to page and shrink to fit. The spines are drawn at their real width only when the page prints at full size. Print the covers, spines, dividers and tabs on cardstock if you like.

Keep student names private

Every cover and sheet holds a student's name. Keep printed pages in the binder, and follow your school's own privacy rules.

Need help?

If a field will not behave or a page will not print the way you expect, use Ask a Question on the product page before leaving a review. Every question is read, and a fix to the file ships as a free update: re-download it any time from My Purchases.

Five steps

1. Open the PDF in a reader. Click a line on a cover and type. Press Tab to move to the next line.
2. Print the cover on letter paper at 100 percent, or on cardstock for a sturdier front.
3. Print a spine, trim it on the dashed line, and slide it into the spine pocket. Write the name in the box.
4. Print the dividers and hole-punch them, or trim the tabs and tape them to sheet protectors.
5. Save As before you print, so the blank file stays clean for the next student.
