Terms of Use

Please read before you print your first page.

One classroom license

- This file is for one classroom: one teacher, one group of students.
- Please do not share it, post it online, or sell it.
- Extra licenses for a team or a school are available on the product page.

This is a fillable PDF

- Open it in a PDF reader (Adobe Acrobat Reader, Preview, or your browser), click into a line or a box, type, and Save As.
- The name line, every answer box, every ruled work box and every check box on the student pages are type-in fields, and so are the tracker, class grid, team note and family page. You can also print any page and write by hand.
- It works offline. No account, no subscription, no internet connection needed after you download it.

Print at 100 percent

Turn off fit to page and shrink to fit so the ruled lines stay 0.34 inch apart. Every student page is black and white inside a colored border, so it still reads when copied in black and white.

Student work

A filled-in tracker, class grid or team note carries a real student's name. Keep it in the data folder, and use a first name only on any page that leaves your hands.

Need help?

If a field will not behave or a page will not print the way you expect, use Ask a Question on the product page before leaving a review. Every question is read, and a fix to the file ships as a free update: re-download it any time from My Purchases.

Credits and fonts

Fonts by KA Fonts (Kaitlynn Albani), used under their commercial license. Every picture in the file, including the safety cards, the padlock and the window, is drawn by us. There is no clip art. The credits page at the back lists the sources. Please keep it with the file if you pass it to a substitute.

How To Read a Page

The parts of a student page, then the kinds of sheet in the order they come.

The parts of a page

- **The answer box.** A bordered box for a letter or a word. Click it to type, or print and write in it.
- **The ruled work box.** Lines 0.34 inch apart for sentences. Write one idea to a line.
- **The check box.** Safe or unsafe, true or false, yes or not yet: click or mark.
- **The word bank.** A box of words or steps to use.
- **The cut line.** Twelve pieces in a 4 by 3 grid, edge to edge: two straight cuts across and three down.

Kind of sheet	How many	What the student does
Readings and cards	4 sheets	Read, answer, and keep the safety cards to look things up.
Words, posts, passwords	4 sheets	Match words, decide what to post, rate and build passwords.
Scenarios and scams	5 sheets	Safe or unsafe, spot the scam, true or false, pick the step.
Writing and thinking	4 sheets, 6 questions	Short answers with four ruled lines each, find the mistake, my online rules.
Quizzes and exit tickets	12 items, 3 tickets	Two quizzes, one exit sheet, one self check.
Sorts	24 pieces	Two cut-and-paste pages: safe or unsafe, private or OK to share.

Untimed, unscored on the page

No student page has a timer or a score on it. The keys and the tracker are for you. The answer keys are on pages 28 to 32.

Short answers

Their key (page 31) says what to look for, not one right sentence. Accept any answer that uses a fact from the readings or the cards.

Printing and the type-in fields

Every page prints clean in black and white. The name line, every answer box, every ruled box and every check box are type-in fields in any PDF reader: click one, type, then save. This is a fillable PDF, not a slideshow or a word-processor file.

Room to work

Work boxes hold three or more lines. If a student needs more room, hand over one page a day, or let students write on scrap paper and copy their best sentences into the box.

Reading 1: Personal Information and Privacy

Read about personal information. Then answer.

What you share online

Personal information is anything that tells people who you are or how to find you. Your full name, home address, phone number, school, birth date and passwords are all personal information. Once something is posted online, other people can save it, copy it and share it, even if you delete it later. **Privacy settings** let you choose who can see your posts, but they are not a perfect lock. A good rule is to think before you post: would you be fine with a stranger seeing this? Photos can give away details too, such as a street sign, a school shirt or a house number. Keep private details private, and ask a trusted adult if you are not sure.

Main idea: What is this reading mostly about?

Check what you read. Write the letter in the box.

1. Which of these is personal information?
   - **A** Your home address
   - **B** Your favorite color
   - **C** A joke you like

2. What can a privacy setting do?
   - **A** Help you choose who can see your posts
   - **B** Make a post impossible to copy
   - **C** Remove a post from every device

3. Why should you think before you post?
   - **A** Posts are always deleted after one day
   - **B** Only close friends can ever see a post
   - **C** Other people can save and share it, even if you delete it later

Cut and Paste 2: Private or OK to Share

✂ **Cut out the twelve pieces. Paste each one in the right box.**

OK to share online	Keep private

PREVIEW

✂ **Cut on the dashed lines: twelve pieces, two cuts across and three cuts down.**

Your home address	Your favorite music	Your password	A book you like
Your phone number	Your favorite sport	A drawing you made	Your full birth date
The name of your school	Your opinion of a movie	When your family will be away	A hobby you enjoy

Answer Key: Passwords, Scenarios, Scams

Part 2 of Make a Strong Password is the student's own practice password, so it has no single key: look for three unrelated words, a number and a symbol, and a reason in the box. The messages and passwords are invented.

Password Habits Checklist page 11

Habit	Answer	Why
1. Use a long password made of several words.	good habit	Length and several words make a password hard to guess.
2. Use your birthday as your password.	bad habit	A birthday is easy for other people to find.
3. Use the same password for every account.	bad habit	If one account is broken into, every account with that password is open.
4. Add numbers and symbols to your words.	good habit	They make a password harder to guess.
5. Stick your password on the side of your screen.	bad habit	Anyone who walks by can read it.
6. Use a different password for each account.	good habit	One stolen password then opens only one account.
7. Tell a trusted adult if someone learns your password.	good habit	An adult can help you change it and protect your accounts.
8. Share your password with a friend to show you trust them.	bad habit	Keep it to yourself, or share it only with a parent or guardian.

Make a Strong Password, Part 1 page 12

Password	Answer
1. 123456	weak
2. blue-pickle-rocket-83!	strong
3. mypassword	weak
4. qwerty	weak
5. tiger!bus!lamp27	strong
6. maple-river-9-kite#	strong

Safe or Unsafe? page 13

Scenario	Answer
1. A new online friend asks for your phone number.	unsafe
2. You ask a parent before you join a new website.	safe
3. A classmate's account sends you a link you did not expect.	unsafe
4. You log out of a shared computer when you finish.	safe
5. You let a shared school computer save your password.	unsafe
6. A chat player offers free game items if you tell them your password.	unsafe
7. You check who can see a post before you share it.	safe
8. A pop-up says your device has a virus and tells you to call a number. You close it and tell an adult.	safe

Spot the Scam page 14

Message	Answer	Sign
1. Free phone prize	scam	It rushes you, and a prize you never entered is too good to be true.
2. Library book sale	not a scam	It rushes no one, asks for nothing private and offers nothing too good to be true.
3. Account check	scam	It rushes you and asks for a password.
4. Gift card request	scam	It asks for a gift card code from someone you do not know.

PREVIEW

Answer Key: Quizzes and Writing

The writing pages have no single right sentence. Accept any answer that uses a fact from the readings or the cards.

Quizzes pages 21, 22

Item	Letter	Answer
21.1	B	Your phone number
21.2	A	green-moose-lamp-52!
21.3	C	A scam
21.4	C	It lets you choose who can see your posts
21.5	B	Stop: do not reply
21.6	A	A parent, guardian, teacher or counselor
22.1	C	It is proof you can show a trusted adult
22.2	B	It rushes you and asks for a gift card code
22.3	A	If one account is broken into, the others are open too
22.4	C	Where you live
22.5	B	Stop their account from contacting you
22.6	A	Not share it, and tell a trusted adult

What Would You Do: what to look for pages 18, 19

Item	Look for
18.1	Do not share. Stop talking to the person, tell a trusted adult, and block or report the account.
18.2	Do not click and do not reply. Say it rushes you and is too good to be true, and show a trusted adult.
18.3	Do not forward it or add to it. Tell a trusted adult, and be kind to the classmate.
19.1	Keep the password private. Say no kindly and explain that you only share it with a parent or guardian.
19.2	Stop (do not reply), save a screenshot, tell a trusted adult, and block the sender or report the account.
19.3	Close it, do not call, and tell a trusted adult. It is likely a scam.

Exit tickets and My Online Rules

- Exit tickets (page 24): ticket 1 names stop, save, tell (also block and report); ticket 2 is a long password, several words, numbers and symbols, a different one for each account, or keeping it private; ticket 3 is open.
- My Online Rules (page 23) has no right answer: it holds the student's own words, and the family or school rule line is for the adult to say.

How to fill this in

Write how many items the student got right with no prompt, and the date. A blank means not tried yet, never wrong. There are 104 items on the 16 scored sheets. Answer keys: pages 28 to 32. Filled example: page 37.

This month we are working on (your own standard or wording)

Team Note

Use this page between team meetings or when a student moves classes, to hand off what changed without writing a note from scratch. Everything below is observable, with a blank for the number or the wording your team already uses.

Student _____ Team member _____ Date _____

Kind of sheet	Covered since last note (Y/N)	Items right	Still blank
Readings and words			
Posts and passwords			
Safe or unsafe			
Scams			
True or false			
Quizzes			
Cut and paste			

What I saw (observable, not a conclusion)

- Marked ___ of 8 scenarios safe or unsafe correctly (page 13).
- Rated ___ of 6 passwords weak or strong correctly (page 12).
- Got ___ of 12 true or false sentences right (pages 15, 16).
- Named the steps stop, save and tell in a complete sentence: yes / no / with a reminder.

Next step

- Next page or set: ___, because ___ (what you saw).
- What to try in another class or at home: ___.
- What to keep doing because it is working: ___.
- Anything for the team meeting to decide: ___ (this page records what happened, never a label or a plan).

Summary, in one or two sentences, for whoever reads this next

A filled-in line, for reference

"Got 4 of 6 true or false sentences right on 10/20. Next step: reread Reading 2 and ask what a message that hurries you might be." That is the level of detail this page is built for. It matches the filled example on page 37.

26	Cut and Paste 1: Safe or Unsafe	12	11	10/24	Put the free-prize link under Safe
27	Cut and Paste 2: Private or OK to Share	12	-	-	-

How to read it

Amir K. has done **10 of 16** scored sheets and got **57 of 66** items right with no prompt. **3** sheets were all right and **7** carry a note. Every number comes from the table.

What the table points to

The lowest sheet is True or False 1: Scams (4 of 6). That is where the next practice goes. The 6 sheets left blank are not tried yet, never wrong.
