33 Pages

18 Words

6 Formats

One complete kit for the letter b: big and small letters to match, b among its look-alikes to circle, words to sort, tell apart, finish and place in sentences — every student answer is written, circled or drawn in pencil, so no student page needs scissors or glue.

THREE STEPS

1 Meet the letter together

Page 5 shows the capital and the small b, where b sits in a word (start, middle, end) with every word the file uses, and d, p and q next to b. Read the cards aloud before any pencil work.

2 Pick a page for the child

Six ways to practice, easiest to hardest. The chart below says which page for which child. Match and Circle need no reading; the other four use the same 18 words in three sets of 6, so a child never meets the same word twice in one format.

3 Check it, record it, send it home

The answer key is pages 23–24. Date each word on the tracker (page 25), roll the group up on page 26, and send the home page (28). A filled example is on page 29.

Everything inside (33 pages)

- **17 practice pages** in 6 formats, plus the Meet the Letter B page
- **18 words** in three sets of 6, with b at the start, in the middle or at the end of 6 of them each
- **2 answer-key pages** generated from the same data as the pages, **1 tracker** (18 words) and **1 class grid**
- **1 team note, 1 home page, 1 filled example, 1 phrase bank**
- **1 binder cover, 6 divider tabs** and a spine label, cut along the dashed lines

What is not in here

There are no pictures and no tracing, so a child works from the letter and the word itself. Words with a silent b are left out on purpose, so nothing on a page can be argued two ways. Your district's own phonics scope and sequence decides when to teach the letter.

How to fill this in

Date each column the day the child gets that word right with no prompt. A blank means not tried yet, never wrong. Answer key: pages 23–24. Filled example: page 29.

THIS MONTH WE ARE WORKING ON

Lena R. is invented; nothing on this page describes a real student. The blank tracker is on page 25.

Match the Letters dated: 9/2, 9/9. Circle the b dated: 9/2, 9/9.

How to read it

Lena R. has done Sort by Place for **12 of 18** words, Real Word for **9**, Missing Letter for **6** and Fill In for **4**. Ready for Fill In next: robot, table. Ready for Missing Letter: bus, box, job. Every number comes from the table above.

The family note this tracker would produce

“This month Lena sorted 12 words by where the b sits and wrote the missing b in 6 of them. She needed the clue read aloud once (table).” — every fact in it is a row of the table above.

THANK YOU FOR USING THIS RESOURCE

Everything here was built for the teacher who has a table of children who each need a different amount of support with one letter. If this helped, leaving feedback on TPT helps other teachers find it.
