Terms of Use

Please read before you print your first page.

One classroom license

- This file is for one classroom: one teacher, one group of students.
- Please do not share it, post it online, or sell it.
- Extra licenses for a team or a school are available on the product page.

This is a fillable PDF

- Open it in a PDF reader (Adobe Acrobat Reader, Preview, or your browser), click into a name, a goal or a box, type, and Save As.
- Every name, goal, date and chart box is a type-in field. You can also print a page and write or color by hand.
- It works offline. No account, no subscription, no internet connection needed after you download it.

Not affiliated with Lexia

This resource is not affiliated with or endorsed by Lexia Learning. "Lexia" is a trademark of its owner. It is for use with Lexia, and it holds your own goals and numbers only.

Student names stay private

These pages can hold your students' names and numbers. Keep the file and any printouts with your own records, and follow your school's rules for who may see them. The students in the examples are invented.

How to Use the Tracker

Five steps and four tips, for use with Lexia.

Five steps

1. Print the student pages you need. Each student keeps their own weekly chart in a folder or binder.
2. On Monday, the student writes a goal in units on page 5 or at the top of the weekly chart. Choose the number with the student; the file does not choose it for you.
3. After each session the student colors one box for every unit finished. The daily page (page 7) also holds minutes.
4. On Friday the student counts the colored boxes and marks YES or NOT YET.
5. Copy each student's number to the class grid (page 12). Save As with a new file name for each term.

Tips

- Type the numbers from your own Lexia report. This file never connects to the program.
- Use NOT YET as a word that means keep going, and set a new goal for the next week.
- Level lines stay blank on purpose: write the level name your program shows (page 10).
- Print a sheet in black and white and the student can color the boxes with crayons.

Typing and printing

- Open the file in a PDF reader, click a box and type. Save As to keep your names.
- To print a blank copy for each student, print before you type.

A Filled-In Class Grid (Invented Students)

These 8 students are invented and the numbers are made up. This is the grid from page 12, filled in for 4 weeks. A shaded box means the student reached their goal.

Student		Goal	Wk 1	Wk 2	Wk 3	Wk 4	Total	Met
1	Ava	5	6	5	4	7	22	3
2	Ben	4	4	3	5	4	16	3
3	Cora	6	7	8	6	9	30	4
4	Dev	3	2	3	3	4	12	3
5	Eli	5	3	4	5	5	17	2
6	Fay	4	4	4	4	4	16	4
7	Gus	3	1	2	2	3	8	1
8	Hana	5	5	6	5	6	22	4
Students who met goal			5	5	6	8		24
Class units			32	35	34	42	143	

Read one row

Ava has a goal of 5 units a week and finished 6, 5, 4, 7 in weeks 1 to 4. That is 22 units in all (6 + 5 + 4 + 7), and 3 of 4 weeks at or above the goal.

Read one column

Week 1: 5 of 8 students reached their goal. By week 4, 8 of 8 did. The class finished 32 units in week 1 and 42 in week 4; the 8 goals add up to 35 units a week.

Check the counts

The Total column adds up to 143 units. The class units row adds up to 32 + 35 + 34 + 42 = 143, the same number.

Sentence for the report

In week 4, 8 of 8 students reached their Lexia goal, up from 5 of 8 in week 1.
