☆ START HERE Start Here — Three Steps

Pick a goal, mark the month, then look back together.

1

Set the goal

Open the file in Adobe Acrobat Reader (free) or Preview on a Mac — not a browser tab, which may fill fields and then not save them.

Type a goal on page 5, then copy it onto the month chart. Type the dates for the month and print.

2

Mark the days

Pages 6 to 17 are the twelve month charts, August to July. Type Y, S or N in the box for each school day.

Save As with the student's initials and the month; the original stays blank.

3

Look back together

The student colors a star each day on page 18 and circles faces on page 19.

Add up a class on page 20. Tell families with the note on page 21.

WHAT THIS FILE IS

A fillable PDF. The fields are built into the document itself, so it works offline with no account or subscription and looks the same on every machine that opens it.

WHAT THIS FILE IS NOT

It is not a Google Sheets file, a Google Doc, or an Excel workbook, and it does not add up marks for you. You can type in it and print it; you cannot drag the boxes around or restyle the page.

THE RULE EVERY PAGE FOLLOWS

A chart counts what was seen. It is not a plan, a grade or a label. What your school expects, and what happens next, is your school's own. It gets a blank line on page 5.

IF SOMETHING DOES NOT WORK

The text disappears when I close it. It was opened in something that fills fields but does not save them. Open it in Acrobat Reader and use Save As.
My printer cuts off the border. Print at 100 percent, not "fit to page."
Anything else — the **Ask a Question** tab on the product page. Every question is read, and a fix to the file is a free update.

WHICH PAGE FOR WHICH JOB

I WANT TO…	GO TO PAGE
Pick a goal and a reward line	5
Chart one student for a month	6 to 17
Let the student color or check themself	18 and 19
Add up a whole class	20
Write home	21

REFERENCE

Our Goal This Month

Type up to three goals. Copy the one you pick onto each month chart.

WHAT A MARK MEANS

 **Y yes**

 **S some of the time**

 **N not yet**

OUR REWARD LINE

When we reach ____ Y days, we ____.

MY SCHOOL'S OWN RULE

What the school expects, and what happens next, is its own.

TRACKER

October Behavior Chart

One box for every school day in October. Type the dates for this year; the chart works in any year.

STUDENTS _____ Y DAYS, ALL ROWS ADDED _____ POSSIBLE (STUDENTS × SCHOOL DAYS) _____

EXAMPLE A Month, Filled In

SAMPLE · INVENTED STUDENT

Leo, Ms. Park, the class and every mark are invented. Every number can be re-added from its own row.

OCTOBER CHART (PAGE 8), LEO, GRADE 3 (INVENTED)

WEEK	MON	TUE	WED	THU	FRI	Y DAYS
Wk 1	Y	Y	S	Y	Y	4
Wk 2	Y	Y	Y	S	Y	4
Wk 3	S	Y	Y	Y	N	3
Wk 4	Y	Y	Y	Y	Y	5
Y by day	3	4	3	3	3	**16**

By week: 4 + 4 + 3 + 5 = **16**. By day: 3 + 4 + 3 + 3 + 3 = **16**. Y 16 + S 3 + N 1 = 20 school days.

CLASS ROLL-UP (PAGE 20), FIVE INVENTED STUDENTS

STUDENT	WK 1	WK 2	WK 3	WK 4	MONTH Y DAYS
Leo	4	4	3	5	**16**
Nia	5	5	4	5	**19**
Sam	3	4	4	3	**14**
Ivy	5	4	5	5	**19**
Raj	2	3	4	4	**13**
Class	19	20	20	22	**81**

Rows: 16 + 19 + 14 + 19 + 13 = **81**. Weeks: 19 + 20 + 20 + 22 = **81**. 81 of 100 possible (5 students × 20 school days). Leo's row is his chart above.

NOTE HOME (PAGE 21), WRITTEN BY MS. PARK (INVENTED)

Family of **Leo** Month **October** From **Ms. Park**

Y days: **16** S days: **3** N days: **1** School days: **20**

What went well: **Leo walked in line every day of week 4**

WHY THIS IS ENOUGH

The chart counts marks; it does not decide what they mean. Leo, Ms. Park, the five students and every mark here are invented.

YOUR TURN: ONE STUDENT, ONE MONTH

STUDENT	Y DAYS	SCHOOL DAYS	BEST WEEK
