

Multiple Meaning Words

DRAW IT • WRITE IT • MATCH IT

• 29 pages • 6 page types • 10 words

A multiple-meaning-words kit built around one core skill — drawing and writing both meanings of a word — plus four more ways to practice the same ten-word bank.

THREE STEPS

- 1 **Look at the Helper together**
Page 5 shows what a multiple meaning word is, with ring as the example: one spelling, two different meanings. Read it with the child before the first worksheet.
- 2 **Pick a page type and a set**
Six page types, easiest to hardest; the chart says which page for which child. Every word's two meanings come from the same ten-word bank, so a child always meets a word more than once, in a different format.
- 3 **Check it, record it, send it home**
The answer keys are pages 20 and 21. Date each page on the tracker (page 22), and send the home page (page 24). A filled example is on page 25.

WHICH PAGE, WHEN

WHEN...	USE...
Learning what a multiple meaning word is	Helper, page 5
Ready to draw and write both meanings	Draw and Write, pages 6–9
Can find the match, needs support reading	Match the Meanings, pages 10, 11, 12
Can read a sentence and choose	Circle the Meaning, pages 13, 14, 15
Ready to write the meaning with no choices given	Write the Meaning, pages 16, 17, 18
Ready to cut and glue	Cut and Glue, page 19

Everything inside (29 pages)

- **15 student pages** in 6 page types, 1 dot to 3 dots
- **10 multiple meaning words**, each with two genuinely distinct, kid-accessible meanings, in 3 sets
- **1 cut-and-glue page** (8 meaning cards, 4 words)
- **2 answer keys** with every item's real answer, generated from the same word bank as the pages
- **1 tracker, 1 team note, 1 home page, 1 filled example, 1 phrase bank**
- **1 binder cover and 1 divider-tab page**
- **1 back page**

What makes it different

The core task is the child's own drawing and writing, not a picture we supply. Every other page type (match, circle, fill in the blank, cut and glue) practices the same ten words in a different, genuinely distinct way.

ANSWER KEY: DRAW/WRITE AND MATCH

Draw and Write, pages 6–9. Any clearly different, correct meaning in either order is right — these are the two the word was written for.

WORD	PAGE	TWO ACCEPTED MEANINGS
bat	page 6	animal / stick
bark	page 6	sound / tree
bank	page 7	money / river
bow	page 7	ribbon / bend
spring	page 8	season / jump
light	page 8	glow / weight
fair	page 8	carnival / equal
ring	page 9	jewelry / chime
park	page 9	space / parking
rock	page 9	stone / music

Match the Meanings, pages 10, 11, 12. The right-hand column on the student page is shuffled, so check by the WORD, never by its position.

WORD	ITS TWO MEANINGS
bat	animal / stick
bark	sound / tree
bank	money / river
bow	ribbon / bend
spring	season / jump
light	glow / weight
fair	carnival / equal
ring	jewelry / chime
park	space / parking
rock	stone / music

How to use this key

Checking done — mark the tracker (page 22). A filled example is on page 25.

Quick reference: all ten words, side by side

WORD	ITS TWO MEANINGS
bat	animal / stick
bark	sound / tree
bank	money / river
bow	ribbon / bend
spring	season / jump
light	glow / weight
fair	carnival / equal
ring	jewelry / chime
park	space / parking
rock	stone / music

STUDENT

TEACHER

WEEK OF

Micah is invented, and so is every answer on this page. Six pages done, checked, and ready for the tracker (page 22).

PAGE	WHAT HAPPENED	RESULT
Draw and Write, page 6 (bat, bark)	Drew and wrote both meanings for each word	2 of 2 words complete
Draw and Write, page 7 (bank, bow)	Drew and wrote both meanings; one picture unclear	1 of 2 words complete
Match the Meanings, Set A	Drew two lines from each word to its meanings	3 of 4 words fully matched (7 of 8 lines)
Circle the Meaning, Set A	Read each sentence and circled a meaning	4 of 4 correct
Write the Meaning, Set A	Read each sentence and wrote the meaning from the word bank	3 of 4 correct
Cut and Glue, page 19	Cut and glued each meaning card next to its word	7 of 8 glued correctly

How to read it

Micah has drawn and written both meanings for 3 of 4 words in Set A so far (pages 6 and 7), matched 3 of 4 words on Match the Meanings, circled every item correctly on Circle the Meaning, wrote 3 of 4 correct on Write the Meaning, and glued 7 of 8 meaning cards correctly. Every number comes from checking that one page against the answer key (pages 20 and 21).

The home note this tracker would produce

"This week Micah drew and wrote both meanings for 3 of 4 words in Set A and circled 4 of 4 correct meanings in context. He is ready to try Set B next." — every fact in it is a row of the table above.

What this example is not

One invented child on six pages. It does not predict how quickly any real student will move, and it sets no typical rate for learning multiple meaning words.

Next steps for Micah

Finish Draw and Write, page 7 (bank, bow). Try Match the Meanings, Set B next, then Circle the Meaning, Set B, once matching is solid. Write the Meaning, Set A, is a good check before moving on, since it gives no answer choices at all.
