November Word Search

Fillable PDF | 36 Pages | 10 Puzzles

Find it. Circle it. Write it.

START HERE

QUICK START

One kit for November word practice that a child does with a pencil: find the word, circle it, write it. Every student page has a "My name" line at the top.

THREE STEPS

1. **Look at one grid together**
   Page 6 is the one page that shows how: a small grid with pie across and corn down, both circled. Run a finger across a row, then down a column, then circle the word in pencil.

2. **Pick a puzzle and a level**
   There are 10 word searches in five themes: Thanksgiving, Fall, Harvest, Gratitude and November. Each theme has an easy 8 x 8 puzzle and a harder 12 x 12 puzzle. The dots in the corner of a child's page (one, two or three) say how much there is to do; color never changes with the level, only the dots.

3. **Check it, record it, send it home**
   Answer keys are pages 24–27. Date each page on the tracker (page 28), roll a group up on page 29 and send the home page (31). A filled example is on page 32.

- **80 November words** hidden in 10 puzzles, each word in one puzzle only: 5 easy 8 x 8 and 5 harder 12 x 12
- **4 answer keys** made from the same data as the pages, **1 tracker** (17 rows), **1 class grid**
- **1 team note**, **1 home page**, **1 filled example**, **1 phrase bank**
- **1 binder cover, 6 divider tabs** and a spine label, cut along the dashed lines

Scissors, in one place

Of the student pages, only the 2 Find, Cut and Glue pages (pages 21, 22) are cut. Each has 6 pieces edge to edge in two rows of three, so it is three straight cuts (one across, two down). Every other student page is pencil work. The words on the pieces get longer page by page: 4-letter words on page 21, 5-letter words on page 22.

How to fill this in

Date the page the day it is done. Write how many the child got right without help, out of the number in the What column. A blank means not tried yet, never wrong. Answer keys: pages 24–27. Filled example: page 32.

How to read it

Mateo R. has finished **6 of 10** word searches and found **34 of 40** words on his own, one page of Find and Circle (5 of 6), one of Missing Letter (6 of 8) and **1 of 2** Find, Cut and Glue pages (6 of 6 pieces on the right row the first time). Every number comes from the table above.

The family note this tracker would produce

"This month Mateo found 34 of 40 words in 6 word searches on his own and glued 6 of 6 pieces on the right row the first time. He needed a reminder to look down on 2 of the 3 puzzles that hide words down." — every fact in it is a row of the table above.
