QUICK START

One complete kit for one early skill: writing the numbers 0 to 20. Trace them, count to match them and write them on pages with room to work, untimed.

THREE STEPS

1. **Trace one number together**
   Page 5 shows how: find the big dot, follow the arrow, stay on the road. Do the first number with a finger, then a pencil.

2. **Hand over a page**
   Every student page has a name line and one short instruction, so the child can start. The chart below says which page for which child; the dots at the top right are the only level code.

3. **Check it, record it, send it home**
   The answer keys are pages 26 and 27. Date each page on the tracker (page 28), roll a group up on page 29, and send the home page (31). A filled example is on page 32.

WHICH PAGE, WHEN

WHEN…	USE…
Learning where the pencil starts	Look, page 5 · Big Number, pages 6–11
Ready to trace, then write	Trace and Write, pages 12–15
Wants every number in one place	Trace 0 to 20, page 16
Counting the pictures	Count and Write, pages 17–19 · Color It, page 20
Counting up in order	Missing Numbers, pages 21–22
Better with cutting and gluing	Cut and Glue, pages 23–25
Ready to send practice home	Home page 31 · notes: page 30

What makes it different

The numerals are drawn as roads you stay on, not set in a font, so every start dot and arrow is where the pencil should begin. Every count on a page is read from the same list that draws the page. Nothing is timed or scored on a student page.

How to fill this in

Write how many items the child got right with no prompt, and the date. A blank means not tried yet, never wrong. There are 136 items on the 20 pages above. An item on a Big Number page is one numeral traced and written; on Trace and Write it is one row; on a Count page one card. Look (page 5) is not scored. Answer keys: pages 26 and 27. Filled example: page 32.

THANK YOU FOR USING THIS RESOURCE

Everything here was built for the teacher who has a table of children who each need a different amount of support with writing and counting numbers. If this helped, leaving feedback on TPT helps other teachers find it.
