Terms of Use

Please read before you print your first page.

One classroom license

- This file is for one classroom: one teacher, one group of students.
- Please do not share it, post it online, or sell it.
- Extra licenses for a team or a school are available on the product page.

This is a fillable PDF

- Open it in a PDF reader (Adobe Acrobat Reader, Preview, or your browser), click into a box, type, and Save As.
- The name line and every number box are type-in fields. The pizzas are printed pictures: print the page and let students color the slices with a crayon or a marker.
- It works offline. No account, no subscription, no internet connection needed after you download it.

Print at 100 percent

Turn off fit to page and shrink to fit so the pizzas stay big enough for small hands to color. Every page prints in color or in black and white. The topped slices are a light tint, and in black and white they print light gray against white slices, so a child can still tell topped from plain.

Student work

A filled-in tracker carries a student's name. Keep it in the data folder, and use a first name only on any page that leaves your hands.

Need help?

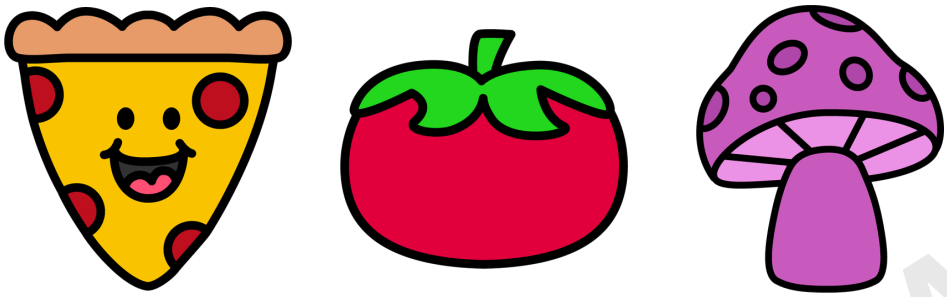

If a box will not behave or a page will not print the way you expect, use Ask a Question on the product page before leaving a review. Every question is read, and a fix to the file ships as a free update: re-download it any time from My Purchases.

Answer Key 1

Each answer is for the problem number on its page. On a color page, any slices count.

Page 7: Color the Slices

1) 1/2: color 1 of 2 slices
2) 1/3: color 1 of 3 slices
3) 2/3: color 2 of 3 slices
4) 1/4: color 1 of 4 slices
5) 3/4: color 3 of 4 slices
6) 2/4: color 2 of 4 slices

Page 8: Name the Fraction

1) 1 of 2 slices: **1/2**, one half
2) 2 of 3 slices: **2/3**, two thirds
3) 3 of 4 slices: **3/4**, three fourths
4) 1 of 3 slices: **1/3**, one third
5) 1 of 4 slices: **1/4**, one fourth
6) 2 of 4 slices: **2/4**, two fourths

Pizza Fractions at Home

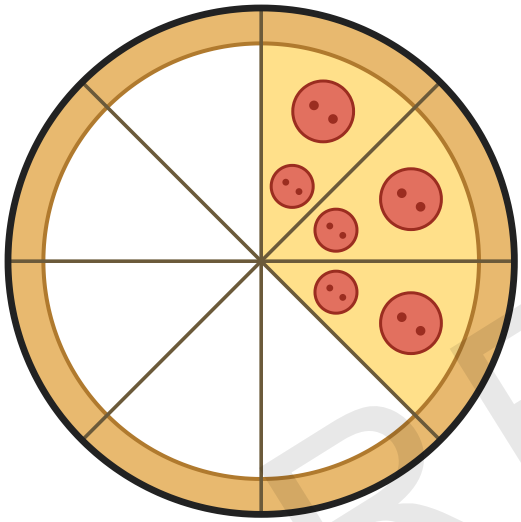

Send this page home with a child, or hand it to a family at a conference.

Student _____ Week of _____

How to help at home, in three steps

- Pick a number of slices to top, such as 3 of the 8. Say it out loud with your child.
- Color that many slices of the pizza. Every slice is the same size, so each one is one eighth.
- Count the slices with toppings and the slices in all, and write them in the boxes. Then read it back.

Our family pizza

Our fraction

In words

_____

_____

Try saying

- "How many slices have toppings? How many slices are there in all?"
- "Which pizza has more? How do you know?"
