

POTTY TRAINING CHART EDITABLE

A reward and sticker chart set: student star charts, a celebration menu, a reward planner, team charts, and home-school pages. Fillable PDF.

DAILY Daily Potty Chart

One box per scheduled attempt. Where, how it started, and the outcome.

STUDENT	DATE	COMPLETED BY
TIME	WHERE (IN/OUT)	HOW STARTED (IN)
		OUTCOME (Y/N/N)
		NOTES

WEEKLY Weekly Progress Chart

One week, one row per day. Attempts, successes, not-yets, refusals, and the success rate for the week.

STUDENT	WEEK OF	CHART GOAL (FROM PAGE 6)	COMPLETED BY
DAY	ATTEMPTS	SUCCESSES (Y)	NOT YET (N)
		REFUSED (R)	SUCCESS RATE %

WEEK ATTEMPTS WEEK SUCCESSES WEEK SUCCESS RATE % STARS COLORED

How to compute
 $Attempts = Y + N + R$ $Success\ rate = (Y \div Attempts) \times$

What to do next
 The student colors a star on page 14 for each one earned.

MONTHLY Monthly Progress Roll-Up

Four weeks of data in one place: each week's totals, the month total, and the trend, ready to bring to a team meeting.

How This Potty Training Chart Works

Write the plan once on pages 5 and 6. The student colors pages 14 to 16; the team marks the rest.

WHEN	PAGE	WHAT GETS WRITTEN
Before you start	Setup (5), Rewards (6)	Your program, what earns a star, the reward steps, the goal
After each attempt	Daily chart (7)	Where, how it started, the outcome
Each time a star is earned	My Potty Chart (14)	The student colors one star box
Every Friday	Weekly chart (8)	Totals for the week and the success rate
Every month	Roll-up (9), graph (10)	Four weeks copied from the weeklies, the month rate
End of each day	Daily note (12)	A short note for the other setting

IF YOU NEED...	USE PAGE
A star chart the child colors in	14 or 15
Reward choices the child picks from	16
A short note for the family	12 or 11
A picture of progress for a meeting	9 and 10

What this file is not

Not a toilet-training method or a required schedule. This is the chart that records a program your team already decided on. Your own approach, criteria, and reward plan go on pages 5 and 6 (the blank lines). Nothing here tells you how to train.

The pages that are the student's

- ☐ Page 14: a 20-star chart to color.
- ☐ Page 15: a week of stars, day by day.
- ☐ Page 16: reward choices to pick from.
- ☐ Written for a child to read and hold; nothing adult goes on them.

CODES USED ON THE ADULT PAGES

CODE	MEANING (USED ON PAGES 7, 8, AND 5)
B	Bathroom
H	Home
O	Other setting
P	Prompted (adult reminded)
I	Independent (started on their own)
Y	Success
N	Not yet
R	Refused or skipped

DAILY

One box per scheduled attempt. Where, how it started, and the outcome.

REWARD GIVEN?

One box per attempt

Mark it right after the attempt. Y = success, N = not yet, R = refused or skipped. A quick word in Notes is enough: what helped, what the student said.

STEP	STARS TO EARN	REWARD CHOSEN
1	5	High five
2	10	Pick a song
3	20	Extra story

Check: Jordan's team gave one star for each of the 58 successes: $58 \div 20 = 2$ full charts and **18** stars on the third ($2 \times 20 + 18 = 58$) ✓. The student pages carry no numbers of their own; this line only shows how the pages connect.
