Terms of Use

Please read before you print your first page.

One classroom license

- This file is for one classroom: one teacher, one group of students.
- Please do not share it, post it online, or sell it.
- Extra licenses for a team or a school are available on the product page.

This is a fillable PDF

- Open it in a PDF reader (Adobe Acrobat Reader, Preview, or your browser), click into a box, type, and Save As.
- The name line and every answer line and box on the writing pages, the recording sheet and the notes areas are type-in fields. You can also print any page and write by hand.
- It works offline. No account, no subscription, no internet connection needed after you download it.

Print at 100 percent

Turn off fit to page and shrink to fit so the pieces stay big enough for small hands to cut. Every page prints in color or in black and white. In black and white every picture is outlined and each stage has its own shape, so the pages still read.

Student work

A filled-in recording sheet carries a student's name. Keep it in the data folder, and use a first name only on any page that leaves your hands.

Need help?

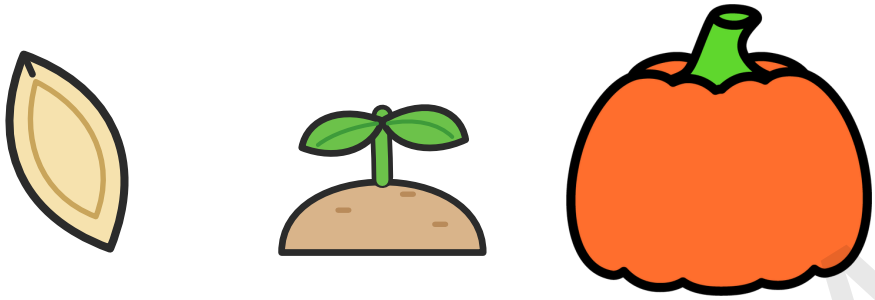

If a box will not behave or a page will not print the way you expect, use Ask a Question on the product page before leaving a review. Every question is read, and a fix to the file ships as a free update: re-download it any time from My Purchases.

Answer Key 1

The cutting pages. The strip order is the order the pieces print in, so you can check a glued page at a glance.

Page 6 - Cut and Glue 1

Boxes 1 to 6: seed, sprout, vine, flower, green pumpkin, orange pumpkin.

The strip, left to right: flower, seed, green pumpkin, sprout, orange pumpkin, vine.

Page 7 - Cut and Glue 2

Boxes 1 to 6: seed, sprout, vine, flower, green pumpkin, orange pumpkin.

The strip, left to right: green pumpkin, vine, orange pumpkin, sprout, seed, flower.

Page 8 - Cut and Glue the Words

Boxes 1 to 6: seed, sprout, vine, flower, green pumpkin, orange pumpkin.

The strip, left to right: orange pumpkin, flower, sprout, green pumpkin, seed, vine.

Page 10 - What Comes Next?

Next after seed: sprout. After sprout: vine. After vine: flower. After flower: green pumpkin. After green pumpkin: orange pumpkin.

The strip, left to right: green pumpkin, orange pumpkin, vine, sprout, flower.

Page 11 - Life Cycle Wheel

Go clockwise from the top: 1 seed, 2 sprout, 3 vine, 4 flower, 5 green pumpkin, 6 orange pumpkin.

The pumpkin has seeds inside, and each seed can start the cycle again.

The strip, left to right: green pumpkin, seed, flower, sprout, orange pumpkin, vine.

Page 13 - Parts of the Plant (Cut)

Label boxes, top left to right then down the sides: leaf, flower, pumpkin, stem, vine, root. The root box sits in the soil.

The strip, left to right: pumpkin, stem, flower, leaf, root, vine.

Page 14 - Parts of a Pumpkin (Cut)

Stem (top), skin (the outside), flesh (the thick orange wall), pulp (the stringy inside) and seeds.

The strip, left to right: skin, flesh, stem, seeds, pulp.

PREVIEW

Recording Sheet

For each page, write the date and how many pieces or answers were right. A blank row means not done yet, never wrong.

Pumpkins at Home

Send this page home with a child, or hand it to a family at a conference.

Student _____ Week of _____

How to help at home, in three steps

- Look at the six pictures together. Say the stages in order: seed, sprout, vine, flower, green pumpkin, orange pumpkin.
- If you have a pumpkin at home, look at it together: find the stem, the skin and the ribs. If a grown-up cuts it open, look for the pulp and the seeds.
- Ask your child to tell the life cycle in their own words. Stop while it is still going well.

The pumpkin life cycle, in order

1. seed
2. sprout
3. vine
4. flower
5. green pumpkin
6. orange pumpkin

Try saying

- "What comes first? What comes next?"
- "What does a pumpkin plant need to grow?"
- "Where do new pumpkin seeds come from?"
