10 DECODABLE SCENES • CUT & PASTE

by Bright Path Sped

Decode, read three times, spell, and show you understood by building the scene.

Every scene

- ☐ Read the three sentences three times. Color a flower each time.
- ☐ Word work: say each picture's word, then write one letter in each box.
- ☐ Cut out the six pictures. Only three are in the sentences: the others are look-alike words (bat for cat), so the student has to read to choose.
- ☐ Glue each picture where its sentence says: **on**, **in** or **by**.
- ☐ Check with the answer key. Log the reads and the pictures placed on the tracker.
