Terms of Use

Please read before you print your first page.

One classroom license

- This file is for one classroom: one teacher, one group of students.
- Please do not share it, post it online, or sell it.
- Extra licenses for a team or a school are available on the product page.

This is a fillable PDF

- Open it in a PDF reader (Adobe Acrobat Reader, Preview, or your browser), click into a line, type, and Save As.
- The name lines, the blank sort cards and the family page lines are type-in fields. You can also print any page and write by hand.
- It works offline. No account, no subscription, no internet connection needed after you download it.

Print at 100 percent

Turn off fit to page and shrink to fit so the cut pieces keep their size. The ink-saver posters and bin signs are white with outline lettering, so they use very little ink. Posters and signs look best on cardstock; the sort mats and cards are fine on copy paper.

Before you cut

- Cut along the dashed lines; each piece shares its edges with the next.
- Tape the bin signs to the bins; do not staple through a child's writing.

Need help?

If a field will not behave or a page will not print the way you expect, use Ask a Question on the product page before leaving a review. Every question is read, and a fix to the file ships as a free update.

Answer Key and Try One Together

Mat A (page 15, cards on page 16) sorts Paper and Plastic. Mat B (page 17, cards on page 18) sorts Metal and Glass.

Paper	Plastic	Metal	Glass
newspaper	water bottle	soup can	jam jar
magazine	milk jug	soda can	pickle jar
cardboard box	soap bottle	tuna can	sauce jar
paper bag	juice bottle	bean can	glass bottle
cereal box	yogurt cup	corn can	baby food jar
envelope	ketchup bottle	cat food can	salsa jar

Try one together (do this first)

Hold up the card "newspaper." Ask: *What is it made of?* Turn the card over in your hands, then say: *It is made of paper, so it goes in the Paper box.* Glue it in the first box on mat A. Then let the children do the next card with you, and the rest on their own.

The blank cards

Each card page has 4 blank cards with a line to type or write on. Children name an item from the room or from home and sort it with the others.

Your town's bin rules (write your own)

What goes in each bin is decided where you live. This set sorts by what a thing is made of and leaves your town's own rule to you.
