REPEATING PATTERNS WORKSHEETS

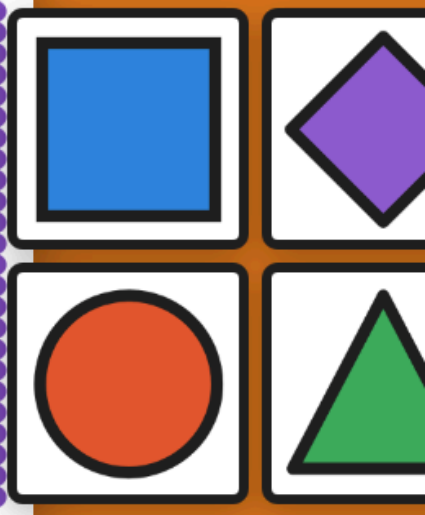

Bright Path Sped

AB AAB ABB ABC GRADES K-1

36 PAGES

Terms of Use

Please read before you print your first page.

One classroom license

- This file is for one classroom: one teacher, one group of students.
- Please do not share it, post it online, or sell it.
- Extra licenses for a team or a school are available on the product page.

This is a fillable PDF

- Open it in a PDF reader (Adobe Acrobat Reader, Preview, or your browser), click into a box, type, and Save As.
- The name lines and the answer boxes on the student pages are type-in fields. You can also print any page and write by hand. The shapes are colored by hand on a printed page.
- It works offline. No account, no subscription, no internet connection needed after you download it.

Print at 100 percent

Turn off fit to page and shrink to fit so the cut shapes on pages 16 and 17 stay 1.2 inches square.

How the pieces fit

- Student pages 6 to 20: the pattern poster, the worksheets and the skill check.
- Ink-saver pages 21 to 32: black-and-white copies of 12 worksheets.
- Check against the answer keys on pages 33 and 34. How to teach it is on pages 4 and 5.

Need help?

If a box will not behave or a page will not print the way you expect, use Ask a Question on the product page first. Every question is read, and a fix ships as a free update from My Purchases.

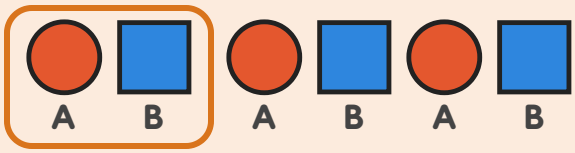

© Bright Path Sped. For single-classroom use by the original purchaser.

PREVIEW

Teach the Four Patterns First

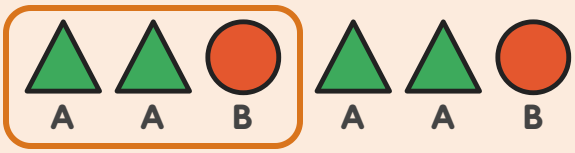

Five minutes with these four rows makes every worksheet go smoothly. Read each one out loud.

AB pattern

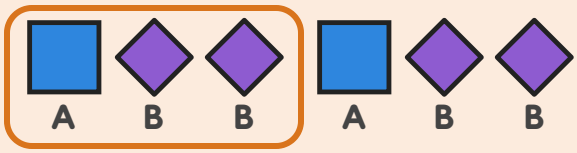

Two shapes take turns. The core is AB, and it repeats 3 times.

AAB pattern

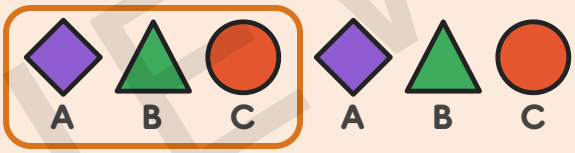

Two of the first shape, then one of the second. The core is AAB, and it repeats 2 times.

ABB pattern

One of the first shape, then two of the second. The core is ABB, and it repeats 2 times.

ABC pattern

Three different shapes, then the same three again. The core is ABC, and it repeats 2 times.

Ask the same three questions about every row

- What shape comes first? What shape comes next?
- Which part comes back again? That part is the core.
- What are its letters? Say them: A, B, A, B.

Words we use

- **pattern**: shapes that come in an order that repeats.
- **core**: the part of a repeating pattern that comes back again and again.
- **repeat**: to say or draw the same part again.
- **extend**: to keep the pattern going.

Answer Key: Pages 14 to 20

Fix the mistake shows the shape that belongs in the wrong spot. The cut rows list the shape for each empty box, in order.

Fix the mistake (pages 14 and 15): the right shape

1	shape 6: 	2	shape 5: 	3	shape 7: 	4	shape 8: 
5	shape 5: 	6	shape 6: 	7	shape 8: 	8	shape 7: 

Cut and paste (pages 16 and 17): rows 1 to 4 on each page

1	 circle	2	 diamond	3	 square	4	 triangle
5	 circle	6	 triangle	7	 diamond	8	 square

Pattern fluency (page 19): the next shape in each row

1		2		3		4		5		6		7		8	
9		10		11		12		13		14		15		16	

Skill check (page 20): items 1 to 5 name the pattern, 6 to 10 draw the next shape

1	AAB	2	ABC	3	AB	4	ABB	5	AAB
6		7		8		9		10	

Using the key

- Fluency and the skill check are for a quick read of what each child can do. Count the rows right and write the number on the page.
- Cut and paste: each empty box has one right shape, listed here in order. Two pieces are always left over.
