Terms of Use

Please read before you print your first page.

One classroom license

- This file is for one classroom: one teacher, one group of students.
- Please do not share it, post it online, or sell it.
- Extra licenses for a team or a school are available on the product page.

This is a fillable PDF

- Open it in a PDF reader (Adobe Acrobat Reader, Preview, or your browser), click into a line, a box or a table cell, type, and Save As.
- Every name and date line, every table cell and every notes box on a form or log is a type-in field, or print the page and write by hand.
- It works offline. No account, no subscription, no internet connection needed after you download it.

Print at 100 percent

Turn off fit to page and shrink to fit. Every line is black or gray and every box is drawn in line, so the pages photocopy in black and white.

A page has a child's name on it

The participation log lists dates, places and ways of answering. Keep any record with a child's name on it where your school keeps student records.

Need help?

If a field will not behave or a page will not print the way you expect, use Ask a Question on the product page before leaving a review. Every question is read, and a fix to the file ships as a free update: re-download it any time from My Purchases.
