Print at 100 percent

Turn off fit to page and shrink to fit so the cut pieces stay a comfortable size for small hands. Every picture is a black outline, so the pages still read when photocopied in black and white.

Student work

A filled-in tracker carries a student's name. Keep it in the data folder, and use a first name only on any page that leaves your hands.

If a field will not behave or a page will not print the way you expect, use Ask a Question on the product page before leaving a review. Every question is read, and a fix to the file ships as a free update: re-download it any time from My Purchases.
