Pages you fill in will contain confidential student information. Keep completed pages secure, follow your district's FERPA and records policies, and consider using first names or initials on anything that leaves your classroom.

Found a problem? Want something added?

Please use the **Ask a Question** tab on the product page before leaving a review — every question is read, and a fix to the file is a free update. Updates are always free: re-download from **My Purchases**. If this resource saved you time, an honest rating on Teachers Pay Teachers (**My Purchases → Leave a Review**) helps other teachers find a small shop, and TPT credits you toward future purchases for it.

How to Use This Calendar

Three steps. It works typed or printed.

1. **Set up once.** Type the class, the school year and your school's own snack rules on page 4.
2. **Fill the months.** Pick the five-day pages (5–16) or the seven-day pages (17–28). Type a family and a snack in each date box.
3. **Count and send.** Tally each family (page 29), count each month (page 30), and send the letter (page 31) or a slip (page 35).

IF YOU WANT TO…	USE PAGE

How the type-in fields work

Open the file in a PDF reader such as Adobe Acrobat Reader and click a box to type. Use Save As with the month in the name so the original stays blank. Or print it and write; print at Actual size.

What this file is not

It is a fillable PDF, not a Google Sheets file, a Google Doc, a Slides deck or an Excel workbook. It does not count days or send reminders. You type the names in.

Your school sets the snack rules

This calendar prints no food rules and no allergy information, and nothing is filled in for you. The allergy line on each month is blank. Write what your school's own policy asks you to keep there.

Keep it private

A filled-in calendar names children and families. Keep it where your school says to, and use first names or initials on anything posted on the wall.

Kim	banana bites	9, 18, 29	3
Hassan	popcorn	10, 21, 30	3
Total	–	–	**21**

Check it

September 2026 has 22 weekdays. One is a day off (the 7th), so there are 21 snack days. Seven families each have 3 days: 7 × 3 = 21. The tally total, 21, matches the boxes on the calendar. The allergy line for this month is left blank on purpose: this file never fills it in for you.

The class, the families and the snacks on this page are invented. No real child's or family's information is used or shown.
