

Snack Time Routine Sequence Cards

SECTION 1 · SEQUENCE STRIP AND COLOR CARDS

SNACK TIME ROUTINE

STRIP

Sequence Strip (Color)

The routine, in order, at a glance. This is the color set; the same strip in the ink-saver set is on page 11. The numbered cut-apart cards are on the pages that follow.

WHY A STRIP, NOT A BOARD

A board holds a picture that changes; a routine like this does not change from one day to the next, so the whole point is to show the fixed order at a glance. The number is printed on every card too, so cutting the strip apart never loses the order.

PRINTING AND SIZING

The strip above is a quick reference; the same steps print as full 2-inch cut-apart cards on the pages that follow, at the same size so a spare from the blank-card page (page 8) always matches.

A NOTE ON THE CLEAN UP CARD

One card covers wiping the space and throwing trash away — no single picture shows both actions separately, so this routine treats them as one step. If your setting needs them split into two, a blank card (page 8) covers the second one.

WHERE THIS POSTS

Near the snack table or on the wall a student faces while eating — this is a short, everyday routine, not a special occasion, so it stays posted every day, not just on snack days that are announced in advance.

THE ROUTINE, STEP BY STEP

STEP #	SNACK TIME ROUTINE	WHAT IT SHOWS
1	Wash hands	A bar of soap, for washing hands before eating.
2	Sit down	A chair, pulled in and ready to sit in.
3	Eat snack	An apple, standing in for the snack itself, whatever the snack really is — use a blank card (below) if a picture of the actual snack works better.
4	Wipe table	A sponge, for wiping up crumbs and spills once the snack is done.
5	Clean up	A wastebasket, for throwing trash away once the space is wiped.

Sequence Routine Cards (Color)

SNACK TIME ROUTINE

The routine, in order, at a glance. This is the color set; the same 5 in the ink-saver set are on page 10. The whole strip is on page 11.

WHAT IT SHOWS

A bar of soap, for washing hands before eating.

A chair, pulled in and ready to sit in.

An apple, standing in for the snack itself, whatever the snack really is — use a blank card (below) if a picture of the actual snack works better.

A sponge, for wiping up crumbs and spills once the snack is done.

A wastebasket, for throwing trash away once the space is wiped.

IF A PICTURE READS DIFFERENTLY TO YOUR STUDENT

Use a blank card (page 8) instead: type or write the word your student uses, and draw or glue on a picture that names it for them. The numbered strip (page 6) still shows where the replacement card belongs in the order.

HOW THE TAGS ON EACH PAGE WORK

Every page carries a small tag in its top corner, the same word used above: **Strip** the whole sequence in reading order, **Cards** a sheet of cut-apart numbered pictures, **Log** the data sheet, **Tracker** the weekly roll-up, **Example** the filled-in sample, **Notes** a page meant to be sent out or handed off, and **Reference** everything else you read rather than fill in.

Start Here — Three Steps

1

Print and cut

Print the strip (page 6) and the numbered cards (page 7) from the color set on cardstock, or the ink-saver set (pages 10–11) on plain paper. Laminate, cut on the dashed lines, velcro or ring as needed.

Blank cards for a step the set does not cover are on page 8: type the word, print, cut.

2

Post it, follow the numbers

Post the strip where the routine happens, or hand the cards over one at a time in numbered order. Say the printed word as each step happens (page 19).

The how-to page (13) has the rest: what to do if a step is skipped, and how the “Clean Up” card covers two actions with one picture.

3

Log it, roll it up, send it home

One row on the log (page 14) each snack time the routine runs: one letter per step — independently, with a prompt, or not completed.

Total the week on the roll-up (page 15) and dot the graph. Send the family page (page 17) home when the strip is new; the hand-off page (page 18) goes with the cards to any other adult.

WHAT THIS FILE IS

A fillable PDF: 5 numbered, cut-apart sequence cards for one snack time routine, plus a strip view, in two art sets, with type-in fields on the log, the roll-up, the family page, the hand-off page and the blank cards. It works offline with no account or subscription and prints the same on every machine.

WHAT THIS FILE IS NOT

It is not an editable online slideshow or word-processor document, and it is not a hygiene or safety procedure or a behavior plan. It supplies no prompt hierarchy, fading schedule or mastery rule and promises no outcome; it shows a student the order of one routine and counts what happened.

WHICH PAGE, WHEN

YOUR SITUATION	GO TO
A student learning one everyday routine in order	Strip, page 6
A student who does better with one card at a time	Cut-apart cards, page 7
A step the routine's cards do not name	Blank cards, page 8
A photocopier, or a copy that goes home	Ink-saver cards, page 10
The IEP meeting or a family conference	Roll-up and graph, page 15; example, page 16

IF SOMETHING DOES NOT WORK, AND WHERE THIS FILE LIVES

A field will not hold my typing. Open the file in Adobe Acrobat Reader (free) or Preview, not a browser tab. **A picture reads as a different word to my student.** Use a blank card for that word; the **Ask a Question** tab on the product page reaches me, and a fix is a free update. **Confidentiality:** a filled-in log, roll-up or example-style note is a student record — initials only on anything that leaves your hands, first name only on the family page.

STRIP

Sequence Strip (Color)

The routine, in order, at a glance. This is the color set; the same strip in the ink-saver set is on page 11. The numbered cut-apart cards are on the pages that follow.

WHY A STRIP, NOT A BOARD

A board holds a picture that changes; a routine like this does not change from one day to the next, so the whole point is to show the fixed order at a glance. The number is printed on every card too, so cutting the strip apart never loses the order.

PRINTING AND SIZING

The strip above is a quick reference; the same steps print as full 2-inch cut-apart cards on the pages that follow, at the same size so a spare from the blank-card page (page 8) always matches.

A NOTE ON THE CLEAN UP CARD

One card covers wiping the space and throwing trash away — no single picture shows both actions separately, so this routine treats them as one step. If your setting needs them split into two, a blank card (page 8) covers the second one.

WHERE THIS POSTS

Near the snack table or on the wall a student faces while eating — this is a short, everyday routine, not a special occasion, so it stays posted every day, not just on snack days that are announced in advance.

THE ROUTINE, STEP BY STEP

STEP #	SNACK TIME ROUTINE	WHAT IT SHOWS
1	Wash hands	A bar of soap, for washing hands before eating.
2	Sit down	A chair, pulled in and ready to sit in.
3	Eat snack	An apple, standing in for the snack itself, whatever the snack really is — use a blank card (below) if a picture of the actual snack works better.
4	Wipe table	A sponge, for wiping up crumbs and spills once the snack is done.
5	Clean up	A wastebasket, for throwing trash away once the space is wiped.

CARDS

Snack Time Routine Cards (Color)

5 2-inch cards, numbered in the order of the snack time routine. Print on cardstock, cut on the dashed lines, velcro on the back or use on a ring. This is the color set; the same 5 in the ink-saver set are on page 10. The whole strip is on page 6.

WHAT EACH CARD SHOWS

#	CARD	WHAT IT SHOWS
1	Wash hands	A bar of soap, for washing hands before eating.
2	Sit down	A chair, pulled in and ready to sit in.
3	Eat snack	An apple, standing in for the snack itself, whatever the snack really is — use a blank card (below) if a picture of the actual snack works better.
4	Wipe table	A sponge, for wiping up crumbs and spills once the snack is done.
5	Clean up	A wastebasket, for throwing trash away once the space is wiped.

PRINTING AND SIZING

Cardstock holds up to daily handling better than plain paper; laminating adds durability for a card that travels on a ring or a lanyard. Every card in this file prints at the same 2-inch size, in this set and the ink-saver one, so a spare from the blank-card page (page 8) always matches.

IF A PICTURE READS DIFFERENTLY TO YOUR STUDENT

Use a blank card (page 8) instead: type or write the word your student uses, and draw or glue on a picture that names it for them. The numbered strip (page 6) still shows where the replacement card belongs in the order.

CARDS

Snack Time Routine Cards (Ink-Saver)

5 2-inch cards, numbered in the order of the snack time routine. Print on cardstock, cut on the dashed lines, velcro on the back or use on a ring. This is the ink-saver set; the same 5 in the color set are on page 7. The whole strip is on page 11.

WHAT EACH CARD SHOWS

#	CARD	WHAT IT SHOWS
1	Wash hands	A bar of soap, for washing hands before eating.
2	Sit down	A chair, pulled in and ready to sit in.
3	Eat snack	An apple, standing in for the snack itself, whatever the snack really is — use a blank card (below) if a picture of the actual snack works better.
4	Wipe table	A sponge, for wiping up crumbs and spills once the snack is done.
5	Clean up	A wastebasket, for throwing trash away once the space is wiped.

PRINTING AND SIZING

Cardstock holds up to daily handling better than plain paper; laminating adds durability for a card that travels on a ring or a lanyard. Every card in this file prints at the same 2-inch size, in this set and the color one, so a spare from the blank-card page (page 8) always matches.

IF A PICTURE READS DIFFERENTLY TO YOUR STUDENT

Use a blank card (page 8) instead: type or write the word your student uses, and draw or glue on a picture that names it for them. The numbered strip (page 11) still shows where the replacement card belongs in the order.

Completion Log

WEEK OF

[illegible]

Count every 1 across the table for the week; the roll-up (page 15) turns that count into a percent.

 TRACKER

Weekly Roll-Up and Graph

One row and one dot per week, from the log. Eight weeks across, 0 to 100 percent.

STUDENT

GOAL (YOUR DISTRICT'S OWN WORDING)

CRITERION (YOUR TEAM SETS IT)

#	WEEK OF	OCCURRENCES LOGGED	STEPS INDEPENDENT	PERCENT INDEPENDENT	NOTES
1					
2					
3					
4					
5					
6					
7					
8					

PERCENT OF STEPS COMPLETED INDEPENDENTLY · ONE DOT PER WEEK, THEN DRAW THE LINE

FIGURING THE PERCENT

Count the I marks on the log (page 14) for the week and divide by the total steps run: each snack time logged is 5 steps. I marks divided by total steps, times 100, rounded to the nearest whole number.

BRINGING THIS PAGE TO A MEETING

A rising line says more steps are being completed without a prompt; the criterion field above is where your team’s own number goes, so every dot is read against the same line. This page counts what is plotted; it does not decide what a flat line means.

EXAMPLE

Filled Example

SAMPLE · INVENTED STUDENT

Every number in the read-out is re-counted straight from the tables above; JR means “see the log for initials” and is not itself a field value.

Ava is invented, and so is every mark on this page. One snack time on the log, then three weeks on the roll-up, to show how the pages read once real marks are on them.

The log, one snack time (page 14)

DATE	1 WASH HANDS	2 SIT DOWN	3 EAT SNACK	4 WIPE TABLE	5 CLEAN UP	INITIALS
Today	I	I	P	I	I	JR

The roll-up, three weeks (page 15)

#	WEEK OF	OCCURRENCES LOGGED	STEPS INDEPENDENT	PERCENT INDEPENDENT	NOTES
1	9/8	5	15	60%	–
2	9/15	5	19	76%	–
3	9/22	5	23	92%	–

READING THE NUMBERS

Today's row: 4 of 5 steps completed independently, one P (Eat Snack needed a prompt). The weeks: 15 of 25 steps (60 percent), then 19 of 25 (76 percent), then 23 of 25 (92 percent) — a line rising week on week, which is what “needing fewer prompts over time” looks like on paper. Every percent is that week's own independent count divided by its total steps run.

A LINE THIS SHEET COULD WRITE

“Ava completed 23 of 25 snack time steps independently the week of 9/22 (92 percent), up from 15 of 25 the week of 9/8.”

HOW THE GRAPH WOULD LOOK

Three dots on the roll-up graph (page 15) at 60, 76 and 92, joined by a line that rises. The one P in the row above shows the log tracks WHICH step needed a prompt, not just how many.

WHAT THIS EXAMPLE IS NOT

One invented child's day and three weeks. It sets no typical rate, predicts nothing about a real student, and the criterion field would hold whatever Ava's team wrote — not a number this file supplies.

THE ONE PROMPT IN THIS EXAMPLE

Today's single P landed on Eat Snack. That is a coincidence of this invented day, not a pattern this file claims — a real log might show the prompt on any step, or none at all.

WHAT COUNTS AS DONE

Clean Up counts as independent when trash is in the bin without a reminder, once the table is already wiped (its own step, above). A reminder for either step is marked P, the same as any other step.
