SNOW GLOBE CRAFT

Snow Globe Craft Week — Start Here

Do one activity a day. Pull the page and go.

This week

- [ ] Start each day at circle time with the pictures and words on the vocabulary cards. Children love the repeat, and each day they join in more.
- [ ] Then do that day's activity. Every student page has one short direction and a picture, so a paraprofessional can run it too.
- [ ] Teach the core word **see** all week: point to it on the talker or core board every time it comes up during the day.
- [ ] Cutting pages are built for small hands: five or more big pieces, lined up so every cut is one straight line. Pre-cut them for students who are not cutting yet.
- [ ] Sorting, counting, letters and writing come in three levels, marked with a small shape so children do not compare: ● starting (errorless matching), ▪ building, ▲ ready for more.
- [ ] Print the color pages, or use the ink-saver pages at the back on a photocopier.
- [ ] **Day 5 craft:** Color the globe, the base, the tree, the snowman, the cottage, the star and the three snowflakes. Cut out every piece. Glue the tree, the snowman and the cottage on the snow line inside the globe, the star near the top, and the snowflakes anywhere in the sky. Stand it on a shelf or glue it to a sheet of paper. Name your snow globe and say what you made!
