SNOWFLAKE CRAFT

Snowflake Craft Week — Start Here

Do one activity a day. Pull the page and go.

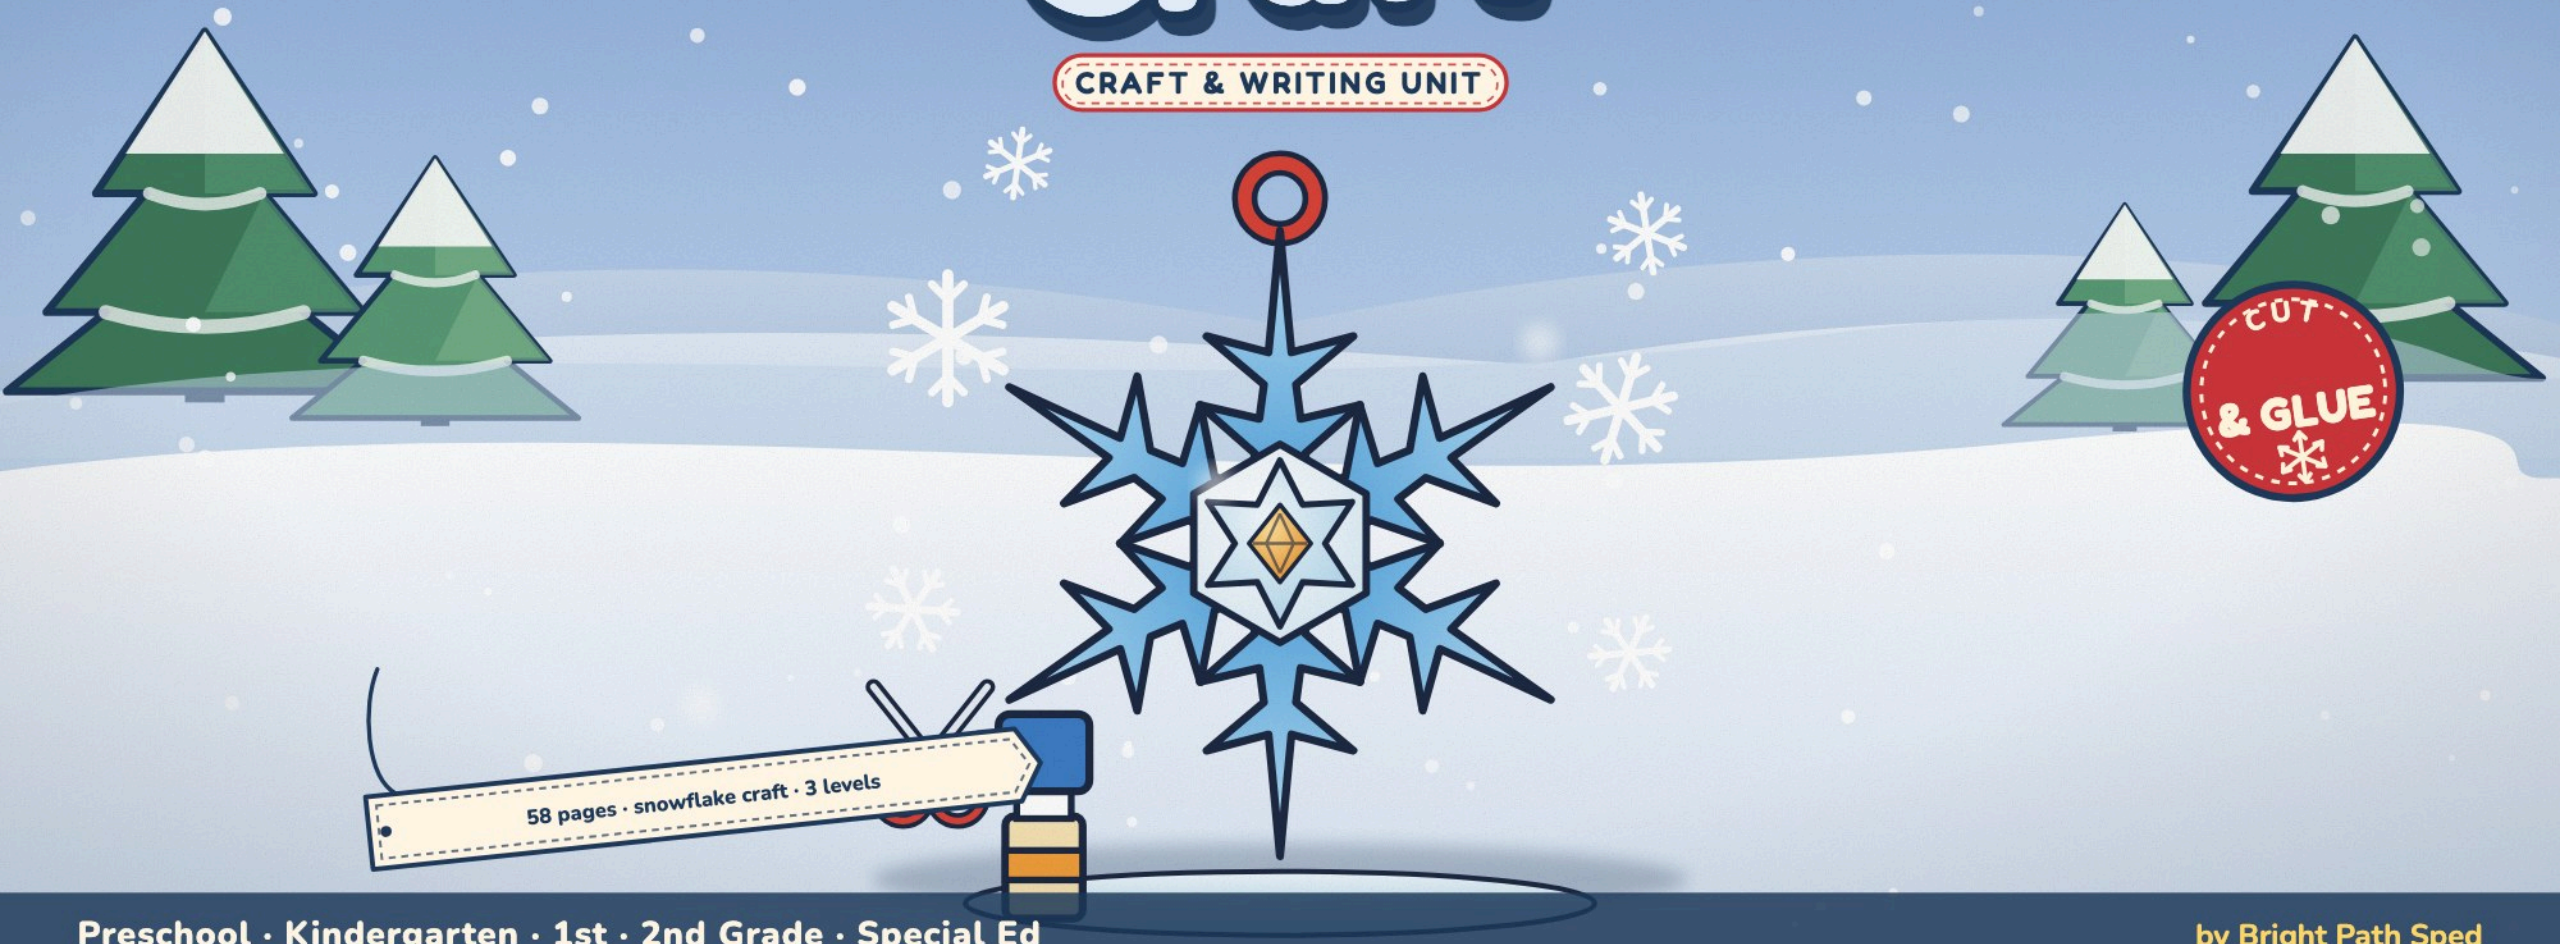

This week

- [ ] Start each day at circle time with the pictures and words on the vocabulary cards. Children love the repeat, and each day they join in more.
- [ ] Then do that day's activity. Every student page has one short direction and a picture, so a paraprofessional can run it too.
- [ ] Teach the core word **make** all week: point to it on the talker or core board every time it comes up during the day.
- [ ] Cutting pages are built for small hands: five or more big pieces, lined up so every cut is one straight line. Pre-cut them for students who are not cutting yet.
- [ ] Sorting, counting, letters and writing come in three levels, marked with a small shape so children do not compare: ● starting (errorless matching), ▪ building, ▲ ready for more.
- [ ] Print the color pages, or use the ink-saver pages at the back on a photocopier.
- [ ] **Day 5 craft:** Color the arms, the hexagon, the star and the gem. Cut out every piece. Glue the hexagon in the middle of a sheet of paper, then glue the bottom end of each of the six arms to the hexagon, like the spokes of a wheel. Glue the star on top of the arms and the gem in the middle. Glue the ribbon on the back to hang it. Name your snowflake and say what you made!

DAY	EACH DAY	ALSO PRACTICING
Day 1	Sort: is it cold or hot? (3 levels)	cutting straight lines, gluing, sorting
Day 2	Count the snowflakes and glue or write the number (3 levels)	counting 1–5, 6–10
Day 3	Letter S: find it, match it, or hear it (3 levels); trace or write	letter S, beginning sound, pencil grip
Day 4	Make a snowflake: put the steps in order.	following steps, first/next/then/last
Day 5	Craft: build a snowflake.	coloring, cutting straight lines, gluing, following steps
