

Soft C and Soft G Worksheets

WRITE · CIRCLE · SORT

38 pages · 19 pictures

One complete kit for soft c and soft g: the letter to write, the sound to circle, the word to sort and to read — every student answer is circled, checked or written in pencil, so no student page needs scissors or glue.

THREE STEPS

- 1 **Look at Soft C and Soft G together**
Page 7 is the one student page with the rule on it: c and g change their sound before e, i or y. Read the two cards aloud, then say the three steps at the bottom together.
- 2 **Pick a format and a set**
Five ways to practice, easiest to hardest. The chart below says which page for which child. Each format comes in four sets (A-D, of 4 or 5 words), so a child never sees the same word twice in one format.
- 3 **Check it, record it, send it home**
The answer keys are pages 28 and 29. Date each word on the tracker (page 30), roll the group up on page 31, and send the home page (33). A filled example is on page 34.

WHICH PAGE, WHEN

WHEN...	USE...
Meeting soft c and soft g for the first time	Write the Missing Letter, pages 8, 9, 10, 11

Ready to sort by ear	Sort: Soft C or Soft G, pages 16, 17, 18, 19
Reading the word from a picture	Circle the Word, pages 20, 21, 22, 23
Ready to spell the whole word	Write the Word, pages 24, 25, 26, 27
Writing a progress note or a note home	Team note, page 32 · phrase bank, page 35

Everything inside (38 pages)

- **20 student pages** in 5 formats: 4 sets in each format, covering all 19 words every time
- **19 pictured words** (14 Noto, 5 drawn for this pack), a picture key and a Soft C/Soft G Helper page
- **2 answer keys** generated from the same data as the pages, **1 tracker** (19 words) and **1 class grid**
- **1 team note, 1 home page, 1 filled example, 1 phrase bank**
- **1 binder cover, 6 divider tabs** and a spine label, cut along the dashed lines

If a picture gets a different name

Every picture was checked against the word it is meant to name. If a child says a different name for one, say the word yourself and move on — page 6 shows which pictures this applies to most.

A soft c or g changes its sound before e, i or y.

c + e, i, y → /s/

1

Look at the letter after c or g.

2

Is it e, i or y? Then it is soft.

3

Soft c says /s/.
Soft g says /j/.

Not every c or g is soft — *cat* and *goat* are not in this pack because their c and g are hard. Every word in this pack is soft.

How to fill this in

Date each column the day the child gets that word right with no prompt. A blank means not tried yet, never wrong. Answer keys: pages 28 and 29. Filled example: page 34.

THIS MONTH WE ARE WORKING ON

Priya N. is invented; nothing on this page describes a real student. The blank tracker is on page 30.

How to read it

Priya N. has written the missing letter for **14 of 19** words, circled c or g for **10**, sorted **7**, circled the word for **4** and written the whole word for **2**. Ready for Circle c or g next: face, ice, mice, page. Ready for Sort: dance, giraffe, cage. Ready for Circle the Word: giant, circus, pencil. Ready for Write the Word: celery, gem. Every number comes from the table above.

The family note this tracker would produce

“This month Priya N. wrote the missing letter for 14 words and has read the word from a picture for 4 of them. Three pictures needed a hand: celery was called ‘green vegetable’, the cage was called ‘zoo’ (the word bank helped both times), and the giant needed its picture named once.” — every fact in it is a row of the table above.

THANK YOU FOR USING THIS RESOURCE

Everything here was built for the teacher who has a table of children who each need a different amount of support with soft c and soft g. If this helped, leaving feedback on TPT helps other teachers find it.
