

St. Patrick's Day Color by Sight Word

READ IT • COLOR IT • REVEAL IT

32 pages • 6 St. Patrick's pictures • 86 words

One complete kit for reading sight words by coloring: the child reads a word, finds it in the key, colors the square, and a picture shows up. Every student answer is colored or written in pencil or crayon, so no student page needs scissors or glue. The pictures are ordinary objects (a shamrock, a rain cloud, a four-leaf clover, a pot of gold, a rainbow, a coin) — no leprechaun or character art.

THREE STEPS

1 Do the practice shamrock together

Page 6 is the one student page that shows how it works: read the word, find it in the key, color the box. A small shamrock is hiding in the squares. Do it side by side before anything else.

2 Get Ready, then reveal the picture

Each of the 6 St. Patrick's Day mystery pictures has two pages: Get Ready (trace and write the key words, pages 7, 9, 11, 13, 15, 17) and the Mystery Picture itself (pages 8, 10, 12, 14, 16, 18). The dots on the name line say how big the key is: one dot is 2 or 3 colors, two dots is 4, three dots is 5.

3 Check it, record it, send it home

The answer keys are pages 22 and 23. Date each picture on the tracker (page 24), roll the group up on page 25, and send the home page (27). A filled example is on page 28.

Before you print

Crayons or markers work best. The color names are printed in the key, so the pages still work when photocopied in black and white. Page 4 shows what each page type asks and why these words.

How to read it

Nora K. has finished **3 of 6** Mystery Pictures (shamrock, cloud, clover). On those pictures the words read with no help add up to **33 of 37**; the 4 words to come back to are listed in the Notes column. Get Ready is done for pot, which is next. Every number comes from the table above.

The family note this tracker would produce

“This month Nora finished 3 mystery pictures and read 33 of the 37 words on them without help. The words we are still practicing are and, help, down, in.” — every fact in it is a row of the table above.

THANK YOU FOR USING THIS RESOURCE

Everything here was built for the teacher who has a table of children who each need a different amount of support reading their first words. If this helped, leaving feedback on TPT helps other teachers find it.
