9 STOCKING DESIGNS

Bright Path Sped

Stocking Template: Start Here

What's inside (19 pages)

- **Blank and patterned stockings**: a big blank stocking (page 5) and a big pattern stocking to color (page 6)
- **9 stocking designs to cut**: plain, dots, stripes, zigzag, stars, diamonds, candy-stripe, check and trees, as a colored set (page 7) and a black-and-white set to color (page 8)
- **8 name cuffs** with a hand-write line (page 9)
- **16 decorations to cut and glue**: 3 candy canes, 4 ornaments, 3 gifts, 2 stars, 2 bells, a holly sprig and a tree, colored (page 10) and black and white (page 11)
- **A mantel** to glue the finished stockings on, each one on its twin (page 12), and the finished stocking to look at and count (page 4)
- **Three writing pages**: *what I would put in my stocking* (page 13), *count what is on my stocking* (page 14), *first, next, last* (page 15)
- **For the board**: a sign to post (page 16) and 5 label strips (page 17); a class data page (18); credits (19)

How to use it: pick, color, cut, glue, write

- 1. **Pick a stocking.** Print the big blank stocking (page 5) to color and decorate on the page, or print the 9 patterned stockings (colored set page 7, black-and-white set page 8) and let each child choose one.
- 2. **Color.** The black-and-white pieces are outlines: children color the stocking and the pattern with crayons, markers or paint. The colored set goes straight to scissors.
- 3. **Cut.** Every cutting page is a grid with the pieces edge to edge, so each cut is one straight line. Every piece is at least 1.5 in on each side.
- 4. **Add a name cuff.** Cut a cuff (page 9), write the name on the line and glue the cuff over the top of the stocking. Every stocking also has a small write-on line on its own cuff.
- 5. **Glue on decorations.** Cut candy canes, ornaments, gifts and stars (pages 10-11) and glue them anywhere on the stocking. Page 4 shows one way.
- 6. **Hang it.** Glue the stocking on its twin on the mantel (page 12), or cut it out and post it with the sign and labels (pages 16-17).

What to print

Letter size, paper or card stock. All 18 pages after this cover are print-and-cut; nothing is typed into. Needs scissors, glue sticks and, for the black-and-white set, crayons or markers. Print the colored and the black-and-white pages on different days if you like; any mix works.
