Ten Frame Winter Counting Task Box

Counting 1 to 10 clip cards, 3 levels, plus a ten frame mat

What's inside

- 36 count cards: 12 at each level, in color and in black and white
- A number strip, 1 to 10, to keep in the box
- A ten frame mat for counters (the template page)
- A student recording sheet, an answer key and a teacher data sheet

Set up

Print, laminate, and cut on the dashed lines. Put one level in the box with clothespins, or let students circle with a dry erase marker. Put the number strip and the ten frame mat in the box for students who need them.

The three levels

- ● Level 1 Counts 1 to 3. Two numbers to pick from, and the wrong one is far away.
- ■ Level 2 Counts 3 to 6. Three numbers to pick from.
- ▲ Level 3 Counts 5 to 10. Four numbers to pick from, including one right next door (off by one).

Each level is marked with a shape, not a number, so students are not comparing levels.

How to run it

"How many? Count them." Have the student touch each picture while counting, then clip the number. Check with the strip if needed. The ten frame mat works the same skill with counters instead of pictures. Students who can write use the recording sheet (card numbers are in the corner of each card). Mark the data sheet: cards correct out of cards given.

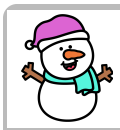

Ready to move up

When a student gets 11 of 12 on two days in a row, try the next level. If a level is too hard two days in a row, go back one.

PREVIEW

Count. Clip the number.

1 How many snowmen?

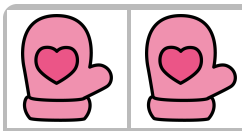

1 3

2 How many penguins?

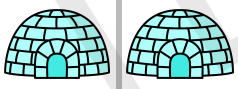

1 4

3 How many mittens?

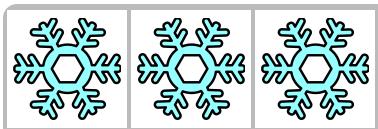

2 5

4 How many igloos?

2 4

5 How many snowflakes?

PREVIEW

My name _____

Count. Write the number.

1 ☐ 2 ☐ 3 ☐

4 ☐ 5 ☐ 6 ☐

7 ☐ 8 ☐ 9 ☐

10 ☐ 11 ☐ 12 ☐

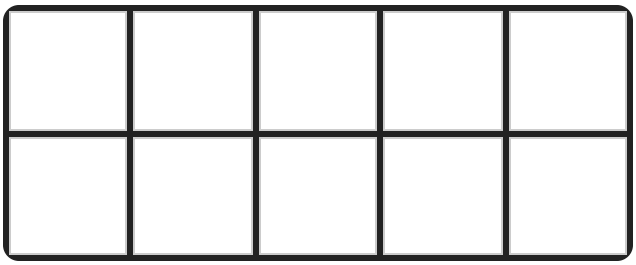

PREVIEW

My name _____

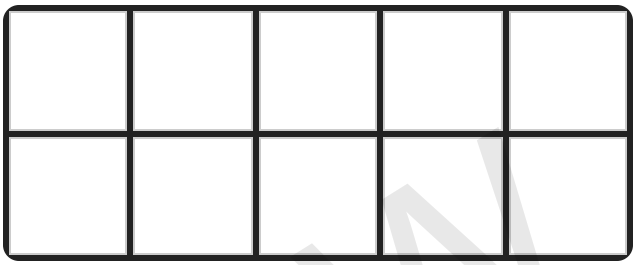

Put a counter in each box. Count. Write the number.

Mat A

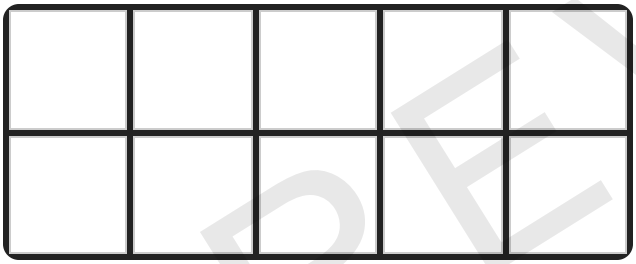

____

Mat B

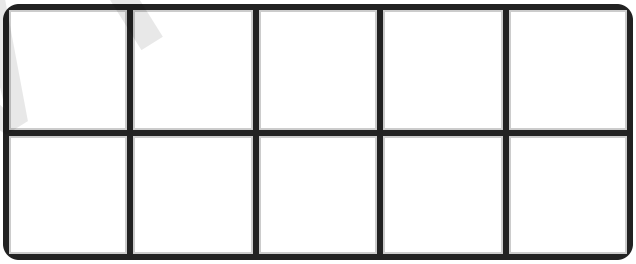

____

Mat C

____

Mat D

____

Use buttons, pom-poms, or a marker dot in each box. Fill one mat at a time, left to right, top row first. Compare two filled mats: which shows more? Which shows fewer?
