Terms of Use

Please read before you print your first page.

One classroom license

- This file is for one classroom: one teacher and the students in that room.
- Please do not share it, post it online, or sell it.
- Extra licenses for a team or a school are available on the product page.

This is a fillable PDF. It is NOT a slide deck or a document file.

- Open it in Adobe Acrobat Reader, Preview, or a web browser. Click a line and type.
- Save a copy under a new name before you close it, so the names you typed stay in that copy.
- Or print it and write by hand. Every page still reads in black and white.

Print at 100 percent

Turn off fit to page and shrink to fit so every note keeps its size. Use cardstock for the cut sheets if you have it. Cut on the solid lines.

Student notes

A note carries a student's name and a date. Keep your own copy of who received one, with your other classroom records.

What this is

Encouragement for a student before a test. The notes say nothing about how a student did, and nothing about a result. Your school's rules for test day stay separate; write them on the blank line on page 4.

The example students on page 5 are invented and say so on the page.

Need help?

If a page will not print the way you expect, use Ask a Question on the product page. We are glad to help.

Teacher Directions

For you, not the student. Four steps and what these notes are not.

Choose

- Pick a sheet and a color, or use the black-and-white sheet to save ink.
- Use the six-note sheets for each student, and the sticky-size sheets for a desk or a folder.

Write

- Type the student's name and the date, or write them.
- Sign the From line. Your signature makes the note yours.

Cut

- Cut on the solid lines. Each cut is one straight line.
- Cut the notes before you hand them out, or let a student cut their own card with help.

Hand over

- Give the note before the test starts, in person.
- Mark the student on the class checklist (page 6).

What these notes are, and what they are not

- Encouragement for a student before a test, from a teacher the student knows.
- Not a grade, not a rating, and not a prediction. Nothing on a note says how a student did.
- Not a school policy and not a plan for any student. Every name in the examples is invented.
- This is a fillable PDF. It is NOT a slide deck or a document file.

Your school's rule (your team writes it)

Three things to ask at home

- What is one thing you are proud of this week?
- Which note did you like best, and why?
- What will you try on the test?

Before you send it

- Check the names. Each note carries one student's name only.
- Keep a copy with your class checklist.
- Send it home the same week, so the note still means something.
