Terms of Use

Please read before you print your first page.

One classroom license

- This file is for one classroom: one teacher, one group of students.
- Please do not share it, post it online, or sell it.
- Extra licenses for a team or a school are available on the product page.

This is a fillable PDF

- Open it in a PDF reader (Adobe Acrobat Reader, Preview, or your browser), click into a line or a box, type, and Save As.
- The room and time on the door sign, the rollout calendar, the notes and the checklist are type-in fields. You can also print any page and write by hand.
- It works offline. No account, no subscription, no internet connection needed after you download it.

Print at 100 percent, or go bigger

Every poster and sign fills its page. To make one bigger, choose 11 by 17 paper (tabloid) and Fit to page in your printer settings, or take the file to a print shop. The page scales up as one piece. For the cut pages, turn off fit to page so the pieces keep their size. Use removable tape, and ask your school before you hang anything on a door or in a hall.

Cutting

- Cut along the dashed lines on the countdown pages.

Need help?

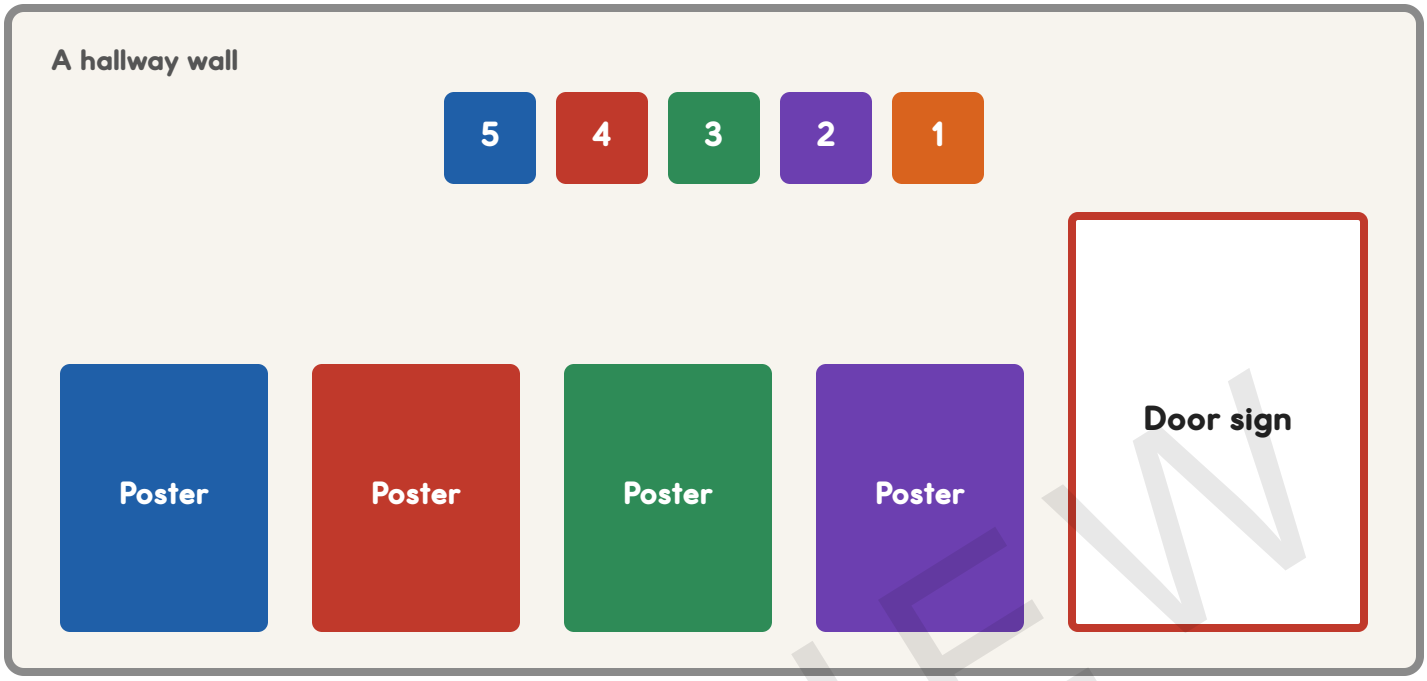

If a field will not behave or a page will not print the way you expect, use Ask a Question on the product page before leaving a review. Every question is read, and a fix to the file ships as a free update.

Where It Goes

One way to hang it. Your hall, your order; this just shows what fits.

Putting it up

- Hang the countdown strip (pages 23 and 24) at a child's eye level along the hall. Tape up one piece a day, or take one down a day.
- Put the wall posters (pages 6 to 13) where children wait or line up. Two or three at a time is enough.
- Put a door sign (pages 18 to 22) on each testing room. Fill in the room and time on page 21, then flip to the All Done sign on page 22 when you finish.
- Use the rollout calendar (page 5) to write down when each piece goes up and comes down.
